50 CENTS PER MONTH

5000 GREETED TEDDY AT IRONTON

He Reiterates Claim of Having
Sufficient Delegates to Win
on First Ballot

TAFT RENEWS STRENUOUS TRIP—HAS SORE THROAT

Reports of Yesterday's Meet-
ings Over Country Bring
Varying Results

IRONTON, Ohio, May 17.—5000 people heard Col. Roosevelt here this morning. He reiterated his claim that he already has sufficient delegates to insure his nomination on the first ballot. The declaration was cheered.

Roosevelt's Auto in Collision
CHILICOTHE, Ohio, May 17.—Col. Roosevelt's automobile today collided with another machine and was smashed. The Colonel was unhurt. He was transferred to another car.

Taft's Throat Raw From Speaking
CLEVELAND, May 17.—With his throat raw as a result of his campaigning, President Taft renewed a strenuous campaign today, starting in Northern Ohio, where he is scheduled to deliver several speeches. He spoke in nine cities this afternoon en route to Toledo where he speaks tonight. Aside from his throat trouble the President is in excellent condition.

WEST VIRGINIA'S 6 DELEGATES-
AT-LARGE FOR ROOSEVELT
HUNTINGTON, W. Va., May 17.—The state committee, in making up the temporary roll of the convention yesterday, decided the contests in favor of the Taft delegates, but the first act of the convention was to refuse their report and appoint a committee on credentials, which decided practically all contests in favor of Roosevelt.

MINNESOTA ENDORSED
ROOSEVELT'S CANDIDACY
MINNEAPOLIS, Minn., May 17.—The Minnesota state Republican convention yesterday endorsed the candidacy of Theodore Roosevelt for president. I. A. Caswell won the fight for national committeeman.

ROOSEVELT DOMINATED
IDAHO STATE CONVENTION
BOISE, Ida., May 17.—Roosevelt completely dominated the Republican state convention of Idaho, held in Lewiston yesterday. The result of the convention is an unqualified delegation to Chicago, composed of six Roosevelt men and two Taft men. Instructions were withheld in the interest of party harmony.

ROOSEVELT GAINS TWO
DELEGATES IN MICHIGAN
GRAND RAPIDS, Mich., May 17.—The Fifth district Republican convention was held here yesterday with the Roosevelt men in control. This completed the Michigan delegation to Chicago. It stands: Taft, 20; Roosevelt, 10.

MONTANA DELEGATES TO VOTE
AS THEY PLEASE—FAVOR TAFT
HELENA, Mont., May 17.—The Republican state convention yesterday selected eight delegates to the national convention to be held in Chicago. The delegates are vested with discretionary power in the matter of voting on the presidential nominee, but are requested by resolutions to use all honorable means to bring about the re-nomination of President Taft.

TWO CONVENTIONS HELD
IN OLD ARKANSAS
NEWPORT, Ark., May 17.—Two Second Arkansas district Republican conventions were held here yesterday afternoon. The so-called regulars unanimously adopted iron-clad resolutions instructing for Taft, and the Roosevelt convention instructed for Roosevelt.

BURLINGTON, Iowa, May 17.—The Iowa state Democratic convention yesterday instructed 30 delegates to Baltimore for Champ Clark.

The platform declared for tariff reduction, the initiative and referendum and the direct popular nomination of all elective officers.

CHAMP CLARK WINS
MARYLAND DELEGATES
BALTIMORE, Md., May 17.—The Democratic state convention, in session here yesterday, elected eight delegates-at-large and twenty-four district delegates, each with half a vote to the national convention, and instructed them for Champ Clark "as long as there is a chance for his nomination."

Major Preston of Baltimore was endorsed for the vice presidency.

Submarine Is Aground—Feared Men May Perish

ATLANTIC CITY, N. J., May 17.—Six officers and the crew of the submarine Tuna are still imprisoned in the vessel which went aground in fourteen feet of water here. Owing to the high seas, life-savers are powerless to approach. There are grave fears that the men will smother before the boat can be raised.

The imprisoned are Captain Dannebauer, Lieutenant Hyatt, Engineers Ecklin and Wilson, Electrician Parker and Sailor Hand.

Bulletins of News

Hot from the wire up to 8:30 p. m.

THE WEATHER
Fair tonight and Saturday.
Light northwest wind.

Highest Presbyterian
Honors to Pacific Coast Pastor
LOUISVILLE, Ky., May 17.—The moderatorship, the highest honor in the gift of the one hundred and twenty-fourth general assembly of the Presbyterian church in the United States of America, in session, went on the first ballot yesterday to the Rev. Dr. Mark Allison Matthews, pastor of the First Presbyterian church of Seattle, Wash.

Prof. Lowe's Wife Dies
Following an Operation
PASADENA, May 17.—Mrs. Leontine Lowe, wife of Prof. T. S. C. Lowe, inventor and aeronautic expert, builder and former owner of the famous Mt. Lowe railway, died yesterday in San Francisco following an operation. Prof. and Mrs. Lowe have lived in Pasadena for 25 years. She was 77 years old.

Loan to China Will
Cause Rise in Price of Silver
PEKING, May 17.—Financial experts say the international loan, which is being paid in silver, will cause a further advance in the price of that metal. The bankers advanced 300,000 taels (\$1,950,000) yesterday. Half of it will be used in Peking and half in Shanghai.

Dr. Wiley Is Proud
Father of Son and Heir
WASHINGTON, May 17.—A possible hereditary successor to Dr. Harvey W. Wiley arrived in Washington yesterday when the former chief chemist of the United States became the father of a boy, his first born. Dr. Wiley is 67 years old, and married Miss Anna G. Kelton a year ago.

No Trace Found
Of Grass Valley Bandit
GRASS VALLEY, Nev., May 17.—Although the man-hunt for the lone bandit holding up the Nevada County Bank is continuing, no trace of him has been found. A hundred armed men are combing the hills. It is believed the man escaped into Auburn and is trying to reach San Francisco.

Paper Carriers May Strike
To Aid Chicago Pressmen
CHICAGO, May 17.—Representatives of four hundred newspaper carriers will meet tonight to decide whether to strike or not in sympathy with the web pressmen. The morning papers are printing regular editions, but the afternoon papers are omitting the noon edition and curtailing the size of the later editions.

Search Being Made For
Murdered Woman's Relatives
CHICAGO, May 17.—The police are searching for the relatives of Mrs. A. Dillon, at the request of the Los Angeles authorities who believe she was the mysterious woman murdered there in an empty suburban house.

\$12,043,737.17-NEW LOS ANGELES BANK CLEARINGS RECORD

Los Angeles Tribune.—All previous records for bank clearings for two consecutive days were broken Wednesday and Thursday with a total of \$12,043,737.17.

Yesterday's clearings which were \$5,988,479.31, took third place for daily clearings, being exceeded by only the day before, when \$6,075,257.88, the record breaking amount, was cleared, and February 14, when the clearings totaled \$6,043,375.90.

Yesterday's clearance was \$5,525,200.45 greater than for the corresponding day in 1911.

The clearances, members of the Los Angeles Clearing House say, show the rapid increase in the financial strength of the city. They predict a \$110,000,000 clearing for this month at the present rate of business.

BABY STRANGLED NECK ACROSS BAR

Infant Awakened and in Strug-
gles Got Head in Such Place
That Death Resulted

MOTHER FOUND HER BABY DEAD

Funeral of Infant is to be Held
This Afternoon—Parents
Heart-Broken

By throwing her head across the iron bar of the top of her buggy, the six-months-old baby daughter, Gertrude, of Mr. and Mrs. E. N. McKinsey of 921 West Third street, was strangled to death yesterday afternoon.

The little baby had been suffering from eczema, and in order to keep her from scratching herself when she should awaken, the father tied the infant's arms. The baby went to sleep in the baby carriage, at 2 o'clock. Usually the child sleeps long, and it was 6 o'clock before the mother went to the buggy, and found the infant dead. The baby had awakened, and in moving her body had thrown her head over the brace of the top, which was down. She was unable to lift her head from the bar, and probably had her arms been free, the result would have been the same. A physician was called, but it was too late to give aid.

Mr. McKinsey is employed by the Taylor Ice Co. The parents of the baby are heart-broken. The funeral will occur this afternoon.

DIRECT VOTE UP TO STATE

Proposed Amendment Mailed
to Governors—Massachu-
setts House Votes "Aye"

WASHINGTON, May 17.—Secretary of State Knox today mailed to all the governors a copy of the proposed amendment to the Federal constitution providing for the direct election of senators. Knox notifying each governor that the amendment could be adopted by a two-thirds vote of both houses. It probably will require three years to get the required three-fourths of the state legislatures to pass the amendment.

MASSACHUSETTS HOUSE
PASSES AMENDMENT FOR
DIRECT SENATORIAL VOTE
BOSTON, May 17.—By a unanimous vote the Massachusetts house passed the amendment for the direct selection of senators.

Y.W.C.A. CONFERENCE ON AT PLEASANTON

Mrs. Phoebe Hearst to be
Hostess to All Delegates
During 10-Days' Meeting

SAN FRANCISCO, May 17.—The Pacific Coast general conference of the Young Women's Christian Association, which is to last ten days, opened yesterday morning at the Hacienda, the home of Mrs. Phoebe A. Hearst, at Pleasanton.

Delegates are to be present from all the Pacific Coast branches of the association, including the California and Stanford Universities. They will be the guests of Mrs. Hearst during the progress of the conference.

Tuesday, May 21, is to be association day and a special program has been arranged for the occasion. Thursday, May 23, is to be territorial day, when Mrs. Hearst will have 150 additional guests from San Francisco, including many men and women of prominence not identified with the association.

WILBUR WRIGHT IS
CRITICALLY ILL

DAYTON, Ohio, May 17.—Wilbur Wright, the airship inventor, is critically ill with typhoid fever. His temperature was 104 this afternoon. The doctors fear he will not recover.

—Bread at the Cherry Blossom.

I.W.W. DOINGS IN SAN DIEGO TO BE PROBED

Federal Grand Jury Opens In-
vestigation In Los An-
geles Today

SAN DIEGO COUNCILMEN AND OTHERS TO TESTIFY

I. W. W. Movement May Be a
Cloak for Cripple Creek and
Coeur d'Alene Thugs

LOS ANGELES, May 17.—A score of witnesses have been subpoenaed by the Federal grand jury for the investigation of the activities of the Industrial Workers of the World at San Diego, which begins this afternoon. Detective De La Cruz, investigator for the San Diego police, Captain Myers, Rev. Gelstewart, of San Diego, and several members of the San Diego City Council have been summoned. Assistant Federal District Attorney Dudley Robinson stated that Ben Reitman and Emma Goldman may be summoned. Robinson declared today that the object of the probe is to learn whether the industrial movement is not being used as a cloak by the criminal element, including the old Cripple Creek and Coeur d'Alene thugs, for whom street speakers have unconsciously been made "stalls."

REITMAN TO PRESENT CASE TO GOVERNOR JOHNSON

LOS ANGELES, May 17.—Dr. Ben Reitman, manager of Emma Goldman, tarred by San Diego vigilantes, starts tonight for San Francisco. He declared this morning he would not attempt to prosecute his captors in San Diego, because he believes it would be impossible to even secure their arrest there. He will seek to see Governor Johnson and present his case.

I. W. W.'S INDICTED FOR ATTEMPT TO MURDER

SAN DIEGO, May 17.—Woodford Hubbard and twenty-nine other Industrial Workers of the World were indicted today by the grand jury on a charge of attempt to commit murder. It is alleged the men waited with guns to kill the police on the night that Joseph Miloslavich, industrialist, was killed, and two police were wounded in the street riot.

J. J. HILL DEFEATED IN GREAT NORTHERN SUIT

ST. PAUL, May 17.—In a sweeping decision today the State Supreme Court favors the minority stockholders of the Great Northern Railway, defeating James J. Hill, and other directors, in the battle for the dissolution of the Lake Superior Holdings Company for the Hill interests. The defendants demurred to the complaint of Clarence Verner, the Eastern capitalist who is a stockholder of the Great Northern and who charged that Hill and others, purchased \$35,000,000 worth of ore properties, using Great Northern funds in violation of the road's charter. According to the complaint these properties are now worth \$70,000,000.

FACULTY CHANGES IN ORANGE SCHOOLS

Orange News: Miss Smith, the special teacher of music and drawing of the grammar schools, has been engaged as assistant teacher of drawing in the Long Beach schools for next year. Miss Carrie Thatcher will also go to Long Beach. Her place here will be filled by Miss Jane Williams of North Center street, who graduates this year from the Los Angeles Normal. Miss Williams has had several years of successful experience in teaching and is considered one of the strongest of the class of three hundred graduating from Normal. She has the unqualified recommendation of the Normal faculty.

"PRICES DEARER THAN LIFE ITSELF" JUDGE GARY'S MOTTO

NEW YORK, May 17.—The famous Gary dinners, at which the steel barons discussed prices, were the topic at the hearing in the steel suit yesterday. John A. Topping, chairman of the Republic Iron and Steel Company, declared it was only courtesy which made him announce to the others that he was going to cut prices not long ago, and that when Judge Gary, getting up at one of his dinners, asserted that the maintenance of prices "should be dearer than life itself," he, Topping, didn't agree.

FRANKE IN UNIFORM MEXI- CAN LIEUTENANT TELLS OF BATTLE AND IMPRISONMENT

Was in Charge of Americans who Fought
from Adobe—Often Lined for Exe-
cution that Never Came

Alfred Franke, son of Mr. and Mrs. Fred Franke of 904 Stafford street, returned home yesterday after a year's experiences in Mexico. These experiences included battles, capture, possible execution, imprisonment, release, secret service duty and the securing of a commission as an officer in the Mexican army.

Franke is a lieutenant, has the commission and wears a lieutenant's uniform. He is no longer in active service. Franke was in charge of the band of Americans who fought at Casa Grandes.

But meager reports of Franke's experiences reached Santa Ana. It was known that he was captured, battle, and for weeks it was feared he would be shot. The fear here was not half as realistic as what actually befell Franke, for on four occasions he was lined up to be killed. Some of the times may have been mere bluff, but once at least Franke thought it was all off.

Franke was in New Mexico when he joined the then rebel army. He was with the army until the attack on Casa Grandes in March, 1911, was made. Capt. Harrington was in charge of twenty-one Americans and 200 Mexicans, who made an attack from one angle. On the first fire the Mexicans vanished, and the Americans took charge of three adobe houses. Before starting out to battle, Franke was promised by Madero that on the next day he would be commissioned as lieutenant.

Harrington was killed as he was leaving one of the three houses occupied by the Americans. That left Franke in command. He crawled along a fence and heard the ping-pong of bullets hitting the posts. He found Capt. Harrington dead, removed a belt of cartridges because ammunition was short, and went back to the adobe. In taking a pick from one house to another so that the men could dig loop-holes, Franke felt a bullet pass through his trousers at his left hip.

When daylight came, the federals were reinforced by several hundred federals who were thought to be thirty miles away, but who were but three miles away. Three companies attacked the adobes. Franke's men divided the force down to one company. Six or eight Mexican sharpshooters were picked from the roof of a building. Franke had one tooth knocked out by a piece of wood thrown by a bullet striking a door. He and an El Paso boy named Glenn fired in unison at the sharpshooters. There were fourteen Americans captured in the adobes. Franke saw

the Mexican captain shoot a wounded American through the head. "I was same captain lined up the Americans to be shot," Franke folded his arms. "The man next to him held open his coat. All that stopped the execution was the fact that a detachment under a Mexican colonel came in behind them, and the firing had to be halted. The colonel stopped the execution.

As the prisoners were marched down the street, women threw rocks at them until a rock glanced from a prisoner's shoulder and hit a Mexican guard in the jaw. A guard whipped out a sword and beat the women back.

Again the Americans were lined up, having been joined by other prisoners, including Major Hayes, half-Mexican. A guard started to bind masks over the men's eyes.

"I don't want a mask," declared Franke. "I want to look at the fellow who is going to kill me."

This was at 12 o'clock. For some reason the proposed execution was postponed to 6 o'clock. In marching back to jail, Major Hayes, who was wounded in four places, leaned on Franke. A Mexican guard ordered Franke to let him drop and crawl. Franke declared that as long as he could stand, Major Hayes could lean on him. The guard jerked out a revolver and shoved it against Franke's ribs.

"Let go of him or I'll shoot," said the guard.

"Go ahead and shoot," replied Franke. "That's better than waiting until 6 o'clock tonight." The guard did not shoot.

At 6 o'clock they were again lined up. Major Hayes asked to be allowed to stand by Franke. Something angered the guards, and they made Franke stand among the Mexicans. Whether it was for fear of consequences were they to shoot down the Americans or not, Franke does not know, but they were not executed. After a month in Casa Grandes they were marched to Chihuahua, where they were kept in jail for two months.

After the rebels gained control, Franke secured the commission promised him by Madero the night before the battle at Casa Grandes. For a time he was employed as a secret service man. After that he worked as a machinist and engineer in various parts of Mexico, recently in Sonora, where he got fatter and decided to come home. He arrived here yesterday.

As to the present insurrection, Franke declared that the rebels are a bunch of robbers, intent upon loot and nothing else.

HOUSE SUGAR BILL FAVORED

Senate Also Approves Lodge
Amendment Cutting Out
Differential Rate

WASHINGTON, May 17.—The senate finance committee decided upon a favorable report for the house sugar bill, with the Lodge amendment eliminating differential rates. When approved, the bill will be effective in six months.

The Lodge bill would also eliminate the dutch standard which classifies sugar by color. The manufacturers complain that it is difficult to face tariffs on the color test. The Lodge amendments will therefore eliminate the duties fixed by this standard.

The Democrats will commend a reduction of thirty-three per cent on sugar and forty per cent on molasses.

GEN. HUERTA BEING REINFORCED TODAY

Final Stand of Orozco is Being
Prepared—Jimenez Plains
Strewn With Bodies

MONTEREY, Mex., May 17.—Two thousand government troops passed through Torreon today en route to reinforce Federal General Huerta. General Banquet is expected to join General Huerta tonight with additional troops.

Troops from Jimenez state that Orozco is entrenched for a final stand. He is handicapped by lack of equipment. Orozco's estimated losses last week from deaths, wounds and desertions, were two thousand. The desert around Jimenez is littered with rebel corpses.

CHICAGO POLICE FINED \$500 EACH

Police Chief and Aides and
County Judge Lately Violat-
ed an Injunction

CHICAGO, May 17.—Because they battered down the doors of the Seventh Regiment Armory for the purpose of calling a Democratic county convention a month ago, in defiance of the injunction prohibiting it, Chief of Police McSweeney and Assistant Chief of Police Schuttler and County Judge Owens and Election Commissioner Czarnecki were each fined \$500 and costs by Judge McKinley, who issued the violated injunction. The charge was contempt of court.

LOS ANGELES PRESSMEN ARE SATISFIED WITH CONDITIONS

LOS ANGELES, May 17.—Henry P. Sessler, president of the Los Angeles local Web Pressmen's Union, officially denied the printed reports that the Los Angeles pressmen refused to walk out in sympathy with the Chicago striking pressmen. He denied that the local men had been ordered out, and asserted that conditions here were satisfactory.

SOCIALISTS DENOUNCED VIOLENCE

Amend Constitution Providing
For Expulsion of Those
Advocating Crime

ACTION IS AFTERMATH OF McNAMARA CASES

C. E. Russell Expects Vice
Presidency Nomination—
Radicals in Control

INDIANAPOLIS, May 17.—After a sensational debate the Socialist convention today amended the party constitution by inserting the following clause:

"Any member opposing political action, or advocating crime against any person or other method of violence, or use of weapons for the working class to aid its emancipation, shall be expelled from membership in the party. Political action shall be construed to mean participation in elections for public office and practical legislative administrative work along the line of the Socialist platform."

This clause is designed to answer the argument that the Socialist party is drifting toward anarchism, and to answer the charge that the Socialists approved of the McNamara dynamiting conspiracy.

Charles Edward Russell, writer and lecturer, today appeared to feel assured of the Socialist vice presidential nomination. With nominations scheduled for this afternoon Russell's delegates rested their case despite the activities of the supporters of ex-Mayor Emil Seidel of Milwaukee.

Industrial Workers of the World delegates are jubilant over the adoption of their proposed plank for universal suffrage, freedom of the press and the right to assemble. The radicals apparently are in control of the convention.

RICHESON IS TOLD OF FATE

Ate Hearty Luncheon After-
wards—Father Arrives to
Care For Son's Body

BOSTON, May 17.—Chaplain Johnson and Warden Allen of the Charleston prison, visited Richeson this morning and broke the news of Governor Foss' refusal to interfere and that he must die. They remained in his cell 40 minutes. After leaving the cell, Chaplain Johnson said: "Richeson knows he must die. He stood the shock better than I expected. I can't tell you more. Probably I will visit him later today."

Prison guards say that Richeson recovered his nerve after the suspense was over and ate a hearty luncheon. Richeson's father has arrived to prepare to take charge of the body after electrocution. The interment will be at Lynchburg, Va.

FLOYD ALLEN MUST DIE FOR MURDER

Man Who Aided in Fatal Hills-
ville Courthouse Riot Found
Guilty by Jury

WYTHEVILLE, Va., May 17.—After deliberating for twenty-one hours the jury returned a verdict of murder in the first degree in the case of Floyd Allen, a member of the Allen clan which precipitated the fatal riot at Hillsville courthouse last March.

The death sentence will be pronounced later.

The juryman first reported a verdict of guilty without fixing the degree. They were commanded to complete the findings, and returned first degree murder. Allen received the news stoically, but several of his relatives in the courtroom collapsed.

Detectives were scattered throughout the courtroom to prevent the repetition of the Hillsville tragedy.

—Bread at the Cherry Blossom.

FRATERNAL BROTHERHOOD HOLDS FIRST DISTRICT CONVENTION

The first district convention of the Fraternal Brotherhood ever held in Orange County convened last night in the Fraternal Brotherhood hall, with between thirty-five and forty delegates and many members present.

L. F. Harvey, president of Santa Ana Lodge, presided during the temporary organization, introducing Judge Z. B. West, who made a pleasant address of welcome. Judge West had something interesting to say about every lodge in the district, which includes Westminster, Huntington Beach, Orange, Olna, Fullerton, Anaheim and Santa Ana.

Mrs. Ella H. Boyd, president of Anaheim Council, gracefully responded. Mrs. Boyd represented this district at the recent session of the Supreme Lodge.

Committees on credentials, by-laws and permanent organization were appointed. The by-laws provide that an annual meeting be held each May, delegates to consist of the six highest officers in each lodge and one delegate for each fifty members and major fraction thereof. The official name of the organization will be "The Orange County Membership League," the object to be social and fraternal.

The permanent officers of the League are as follows: Past president, Judge Z. B. West of this city; president, Mrs. Anna H. Sherwood of Fullerton; vice president, Mrs. W. Bowen of Orange; secretary, Mrs. Helffusen of Anaheim; treasurer, E. R. Rimpau of Anaheim; chaplain, Mrs. C. M. Fischer of Santa Ana; mistress of arms, Mrs. Watson of Westminster; sergeant, G. A. Heffner of Fullerton; inner doorkeeper, Mr. Payean of Olive; outer doorkeeper, Mr. Sayback of Olive.

Great disappointment was felt that Mrs. Emma R. Neidig, supreme vice president, was detained at home on account of illness.

Delegates were called upon to tell of conditions in their lodges. G. A. McCay responded for Olive, G. A. Reilly for Orange, F. D. Rimpau for Anaheim, which has a membership of 150; Mrs. Sherwood for Fullerton, with 113 members, and N. L. Garbraith for Santa Ana, with a membership of 439.

H. V. Davis, supreme secretary, told of the new rates and plans which have been made necessary by the adoption of the Mobile bill in this state, and J. J. May, supervising deputy, asked the co-operation of all members in "disposing of the goods" (policies) which the supreme lodge has to sell.

The following lodge treasurers told how they prevented suspensions: N. L. Garbraith of Santa Ana, F. D. Rimpau of Anaheim, Mrs. E. B. McCoy of Olive, and Mrs. M. H. Tanner of Fullerton.

After adjournment, ice cream and cake were served in the banquet room.

Among the delegates present were: Mrs. M. H. Tanner, Mrs. Anna H. Sherwood, O. des Granges (president), E. W. Dean, Wm. Starbuck, Mrs. Alice Goodwin, Chas. Knowlton and Mrs. Wm. Hetschink, Fullerton; H. O. Egge, J. H. Clabaugh, Mrs. Elizabeth Toern, Mrs. Augusta Huesman, Mrs. E. H. Boyd (president), Mrs. D. A. Paschall, Anaheim; Mr. and Mrs. M. D. Payan, Mrs. E. B. McCoy, Olive; Mr. and Mrs. J. F. Rowley, Mr. and Mrs. E. B. Peers, W. C. Lee, Miss Ina Ainsworth, Miss Carrie Bowen, Mrs. W. Bowen, Miss Wilda Bowen, Mrs. W. B. Williams, Mrs. Sam Jernigan, G. A. Reilly (president), Mr. and Mrs. A. C. Newell, Orange.

The reception committee consisted of Mrs. C. M. Fischer, Mrs. Ida Beck, Mrs. H. A. Huntington, Mrs. Leora Harris, Mrs. Olive Lopez, Mrs. Mary J. Squires, Charles Berge.

MANY ADVANTAGES OF SILO

Among Other Things It Will Add 40 Per Cent. to the Value of the Corn Crop

A silo saves all the corn you grow in the hill, from the roots to the tassels. It saves the part of the crop that evaporates, dries up and blows away when you shock the corn. It adds 40 per cent to the value of the crop over the old way of harvesting. When corn is stored in a silo you can feed it at any time.

A silo should be filled at a time when the corn is at its best and if left in the field longer would lessen its value. You have your corn crop where it can be fed this year, or next, or in three years from now, with no loss by age.

The total cost of filling a silo is only one-half the cost of shucking the corn crop. None of the silage is wasted or refused by the stock—they relish it every day in the year.

A man with a silo is independent of wet and dry weather, poor pasture and late springs. And he will have an abundance of good, succulent feed for the entire year.

Feed Lot Wisdom
A few years ago steer feeders thought silage was too sour and sloppy to produce good beef, but they do not think so now.

Steers that are being fattened in the winter need very little exercise. But if confined in small lots, where they can have fresh air every day and what sunshine there is going during the winter months, they will make better gains than when confined in dark or foul barns or pens.

A fact which many feeders do not appreciate is that maturing cattle generally feed better than when fed grain once, or at most twice a day, with plenty of roughage always where they can get at it. Young animals should be fed three times per day.

It is never wise to put cattle on full feed from the start. They should be led up to it gradually, else they will "stall" and may be attacked by scours and other troubles.

PROFITABLE DAILY TITHING.

"Daily Heavenly Manna."
This little book is having the largest circulation of any of its kind and is conceded by Christians everywhere to be the most helpful.

If Christians allow the rush and crush of selfish ambition to deprive them of their daily portion of heavenly food, they must not be surprised if they grow spiritually leaner day by day, and if the peace of God gives place in their hearts to the discontent which is growing in the world, notwithstanding the multiplication of our comforts and privileges.

Daily Heavenly Manna contains a collection of Scripture texts with appropriate quotations for every day in the year. Surely the little tithes of time daily spent in partaking of its morsels of heavenly counsel cannot fail to profit all who partake. It is published to do good—not for profit.

Your Friends' Birth Dates.
An autograph and birthday record feature in this book is a great convenience. Opposite each day of the year are blank lines upon which you can secure the autographs of your friends and be reminded of their birthdays as they occur. This makes the book more valuable yearly. In ten years you would not sell it for ten dollars.

Besides it has a place for Birth Records, Marriage Records and Death Records. Also it has a table showing the day of the week of any date for one hundred and fifty years.

Printed on bond writing paper, blue cloth, handsome. Price, 35 cents postpaid; imitation alligator skin, gold edges, \$1.00 postpaid. Order now. Bible and Tract Society, 17 Hicks Street, Brooklyn, N. Y.

ORANGE COUNTY MAIN ROAD IS SUBJECT OF CRITICISM

That Orange County needs to take steps to improve its roads is indicated by a letter received by the Board of Supervisors from Rufus Choate, secretary of the Chamber of Commerce of San Diego. The road spoken of particularly by Choate is the main road from Los Angeles County line to the San Diego County line, which it is proposed shall be improved by the state highway commission.

That the improvement cannot be made too soon is certain. Choate states in his letter, which he wrote to inquire what plans had

been made for the improvement of the road, that during the Shriners affairs and the big Santa Monica races a great many tourists traveled by automobile from Los Angeles to San Diego. Those tourists who talked to Choate about the matter said that they had taken the Orange County route because it was the shortest route, but they found the roads in this county so bad that they concluded to return by the longer route, called the inland route, which lies east of the Santa Ana mountains, taking the traveler through Riverside County.

are received from the departed, and many other clever tricks used by the so-called mediums to defraud the public.

Day of Judgment

If by any chance there is a person who would like to experience the sensation of a man about to be hanged, I can tell him exactly how to get them.

Cowards die many deaths before their time. It has been said, and I died so frequently shooting the rapids of the Salmon river between Salmon City, Idaho, and the placer diggings of the Salmon River Mining company, 150 miles below, that the grave no longer holds any terrors for me.

Even the distinction of being one of the first two women ever to attempt this hazardous trip was no solace to me at times when I was less than a foot from my everlasting punishment, and at such moments glory seemed a puny thing, indeed. —Caroline Lockhart, in February Outing Magazine.

AT THE COURTHOUSE

DAMAGE CASE
HARD FOUGHT

Frequent Clashes of Attorneys
Mark Trial Now on in the
Superior Court

The trial of the damage suit of Shonlee against Dr. Shank of Huntington Beach has developed into one of the hardest fought cases that has been in the superior court for weeks. The plaintiff in the case is asking \$15,000 for alleged carelessness on the part of the physician during the last illness of Mrs. Shonlee. A number of local physicians have been called by the defense to show that Dr. Shank's actions under the circumstances were proper. The defense put on witnesses seeking to impeach Shonlee, and it was over these witnesses that the attorneys

frequently clashed. Keech and Finley represent Shonlee, and Griffiths, Coll and Morrow represent Shank.

Interlocutory Decree
An interlocutory decree of divorce was granted today by Judge West to Gena A. Solberg of Orange against Frederick A. Solberg. W. M. Brown is attorney for the plaintiff.

Not Heard Today
Owing to a rush of many other matters before the court today, Judge West postponed the review in the case of Walter J. Cole against the board of supervisors, aimed to attack the validity of the formation of the town of Stanton. The date set for the hearing is May 24.

Files Information
District Attorney West today filed two informations against George Biggs, one for the murder of F. A. Montee on April 12 and the other for the murder of Mrs. Cassie Montee on the same day. An information was filed against E. W. McCollum charged with passing a no-fund check for \$30 upon A. E. Hawley.

Decided
"I'd buy a car if it weren't for one thing."
"What is that?"
"Having to look out for the other fellow."
"But if you had a car, the other fellow would have to look out for you, also."
"Gee! I never thought of that! I'll buy one."—Judge.

FIRST APPLICATION
DARKENS THE HAIR

A Simple Remedy Gives Color,
Strength and Beauty
to the Hair

You don't have to have gray hair or faded hair if you don't want to. Why look old or unattractive? If your hair is gray or faded, you can change it easily, quickly and effectively by using Wyeth's Sage and Sulphur Hair Remedy. Apply a little tonight, and in the morning you will be agreeably surprised at the results from a single application. The gray hairs will be less conspicuous, and after a few more applications will be restored to natural color.

Wyeth's Sage and Sulphur so quickly removes dandruff, leaves the scalp clean and healthy, and promotes the growth of the hair. It is a clean wholesome dressing, which may be used at any time with perfect safety.

Get a fifty cent bottle from your druggist today, and see how quickly it will restore the youthful color and beauty of your hair and forever end the nasty dandruff, hot, itchy scalp and falling hair. All druggists sell it under guarantee that the money will be refunded if you are not satisfied after fair trial.

The Girl, The Boy and The Auto
—A few days ago "You all" no doubt saw Mike and Ham and enjoyed the comedy so much that you went home through the heavy rain with laughter in your heart. Now as to the Auto, if you will buy an Imperial, you will continue to smile. It's a car you can go in style, ease and safety with your wife, sweetheart or affinity, as it's the motto of the car That Gets There and Back. Our prices moderate, our terms cash, our cars good, our guarantee better. Call see and be convinced and meet Mr. Theilan who will not only demonstrate but prove its superiority. Guarantee Garage, Second and Bush streets, Santa Ana.

Oster's Cure for Gout
Since his proposition that man should be chloroformed at sixty, Dr. William Oster has been regarded more or less as a grim monster by many people, says "One Who Knows Him." In reality Doctor Oster is a mild-mannered man, with a fund of genuine humor, as witness the following cure for gout which he once recommended to a friend.

"First, pick a handkerchief from the pocket of a spinster who never wished to wed; second, wash the handkerchief in an honest miller's pond; third, dry it on the hedge of a person who has never been covetous; fourth, send it to the shop of a physician who never killed a patient; fifth, mark it with a lawyer's ink who never cheated a client; and sixth, apply it, hot, to the gout-tormented part. A speedy cure must follow.

—Bread at the Cherry Blossom.

Clothes
Made By Us
Have No
Duplicates in
Santa Ana

Our suits stand out distinctly in a class to themselves. They are made by expert tailors, of materials such as never are put into custom made clothing, and each suit is fitted to properly drape the form of one certain man.

120 West Fourth St.

TRAINING FOR THE
ATHLETIC CONTEST

The baseball game to take place at Lincoln Park, Monday, May 20, at 4 o'clock, for the benefit of the Day Nursery, promises to be a hotly contested game. Prof. Cranston says the schoolmasters expect on that occasion to wipe up the earth with the ministers, but with a battery like Rev. W. L. C. Samson and Rev. Paul Wright, the ministers are not afraid of man or schoolmaster.

A special admission fee of ten cents will be made for school children, so there will be plenty of rooters for both sides.

The High School Band, under the leadership of Prof. Haynes, will provide stirring music, and the schoolmen will wear the high school suits, so it will be up to them to keep up the credit of Santa Ana High as baseball champions.

Prof. Hughes is sure to win the 100-yard dash, but the ministers have hopes of winning the relay race, for they have men who are not slow, but who do not care to get a reputation for being "fast."

Remember, this game is given in the interest of fun, and clean sport, and also philanthropy, for the gate receipts will help care for the little ones of the Day Nursery.

Plan to Beautify Cleveland
Cleveland, through its forestry department, may save the Buckeye state from becoming a buckeye state in name only. City Consulting Forester Horvath has announced plans for planting rows of buckeye and horse chestnut trees on the narrow streets of the city. To carry out such a scheme the city will have to raise much of the stock in its own nursery. Horvath asserts specimens for general planting are becoming more and more difficult to procure. The plan of making Cleveland a city of buckeye trees is not only viewed with favor by Horvath because of the sentiment attached to the name in Ohio, but because in his opinion, the tree is one of the noblest of all shade trees.—Cleveland Plain Dealer.

Bug-Power
A man is considered strong if he can drag a mass weighing three or four times as much as himself, but the beetle will walk with 500 times his own weight. If a man were placed under a wooden box with five times his own weight on top to hold it down, he would remain there indefinitely, but to retain a stag beetle prisoner in the same way one must pile on top of the box at least eighteen hundred times its weight.—Exchange.

You can save one-third on your Spring Suit during our 10-days' special sale, May 18th to 29th. Reinhaus Department Store.

THE FREEHOLDERS

Santa Ana is to elect fifteen "freeholders" (which means fifteen voters) to draft a new special charter (home rule) for Santa Ana. These freeholders are to be nominated by petition. Anybody who wants to run for a member of the charter-framing board may do so by getting a number of voters equal to three per cent of the vote cast for governor at the last election to sign a petition for his candidacy. Thus anyone or any group or organization of voters may place any voter on the ticket. There may be any number of candidates not less than fifteen.

It should be regarded as the duty as well as the privilege of every voter to see to it that at least fifteen intelligent, progressive fair-minded citizens should be named as candidates, and in our judgment at least five of these should be women.

Why wouldn't it be a good plan for a nominating committee of nine to be appointed, three each by the Chamber of Commerce, the M. & M. Association, and the Board of Trustees, this committee to nominate a ticket of twenty. Then if any group of citizens or society or individual wanted to put up anybody else it could be done.

In this way we would be assured of a good list of candidates from which to choose the fifteen citizens to frame the charter.

It is very important that the charter shall be a good charter, for we cannot change it after it is submitted to the voters; we must either adopt it or reject it. True, it may contain alternative propositions, but in the main we must accept or reject what the freeholders offer us.

This is a matter to which our people should immediately give their serious and conscientious attention.

THE PATHWAYS OF INHALED DUST

To the untutored individual the hygienic aspects of the dust problem present themselves primarily as dangers from the germs which are carried in the air. He rarely considers, if indeed he even suspects, the other equally subtle way in which an atmosphere laden with minute suspended particles may become dangerous to health. There are industries and occupations attended with the necessity of breathing air more or less contaminated with dust, so that the respiratory problems suggested by this fact belong to the important considerations of modern industrial hygiene.

The actual noxious significance of dust varies with its character. Bacterial dust may cause infections such as the catarrhal inflammations observed in rag-sorters. Other types of dust may irritate because of the physical form and texture of the particles; while others again may do harm on account of their chemical qualities. Particularly injurious are those forms of dust in which the particles are irregular and pointed in form. Yet it is impossible to explain well-known peculiarities in the relative harmfulness of different kinds of dust on this basis alone. It is said, for instance, that the atmosphere about working places where sandstone is being dressed is decidedly more harmful than that in the vicinity of marble and granite shops or lime workers. Among the forms of chemical injury, industrial poisonings due to the inhalations of lead, arsenic, zinc, phosphorus or mercury laden dust are familiar. Compounds like aniline dye may also be a source of danger.

In considering preventive devices to be applied in industrial work it has become necessary to learn something more exact regarding the travels of inhaled dust in the body as well as the actual quantities which represent dangerous or unsanitary limits. Investigations which the Wurzburg hygienist, Professor K. B. Lehmann, has conducted along these lines with his pupils have furnished some unexpected facts which are reported in a recent number of The Journal of the American Medical Association. They have demonstrated that the great bulk of the inspired dust finds its way into the stomach, not into the lungs as has been confidently assumed. Obviously the dust is regularly caught by the nasal and pharyngeal mucosa and the dust laden secretion then swallowed. All of the inhaled dust was retained by the mouth or nose, yet less than a quarter of it entered the lungs at best. In the case of insoluble particles the stomach may furnish a most satisfactory channel for the subsequent elimination of the dust

Copyright Hart Schaffner & Marx

from the body; but in the case of soluble dust poisoning would be more likely to occur.

MEN AND RELIGION—AND SANITATION

Enlightened public opinion is the most potent force toward better public health and sanitation. Physicians will succeed in their campaign for prevention of disease in proportion to the understanding of the value of health measures by the public and its co-operation to secure them. The Journal of the American Medical Association recently commented on the desirability of more co-operation between physicians and churches in public health education. The Men and Religion Forward Movement, which has caused a nation-wide sensation, has not restricted its activities to purely religious matters. Various social problems have been attacked; for example, a careful analysis of conditions in various cities has resulted in recommendations for improved sewerage and quarantine systems, protection of milk-supply, organizations of health departments, better opportunities for harmless recreation, improved garbage collection, etc. In many cities excellent results followed the work. The fundamental basis was a survey of actual conditions, that is, the tabulation of all the ascertainable facts in the case before taking action. We are merely touching on the medical phases of this movement. Its chief work, of course, was religious, but the movement seemed to attack the human problem in all its ramifications—spiritual, social, physical—and to recommend improvements wherever it was thought wise. It is evident that the element of public education on health conditions is working. Great improvements in the sanitation and hygiene of the American people are due in short order as soon as the public is awakened to the possibilities.

SALT AIR, SUNSHINE AND CLIMATE

The significance of climate as a factor in the treatment of disease is generally conceded. Altitude, sunshine, salt air, ocean breezes and forest hills are expressions with which the practitioner now and then attempts to conjure his jaded patients. Not infrequently the spell is effective, bringing with it a renewal of vigor and restoration of health. Can objective causes

The Dangerous, Disgusting House Fly

L. O. Howard, Chief of the Bureau of Entomology of the State Department of Agriculture.

Article VI.

WHAT CITIES AND TOWNS CAN DO

It would appear, from what we know of the life history of the common house fly and from what remedial experimentation has already been carried on, that it is perfectly feasible for cities and towns to reduce the numbers of these annoying and dangerous insects so greatly as to render them of comparatively slight account. The health departments of most of our cities have the authority to abate nuisances dangerous to health, and it is easy for the health authorities of any city to formulate rules concerning the construction and care of stables and the keeping and disposal of manure which, if enforced, will do away with the house-fly nuisance. Such a series of rules was formulated in the spring of 1906 by the Health Department of the city of Asheville, N. C., and an effort is being made during this summer to see that they are enforced. On the 3d of May, 1906, the Health Department of the District of Columbia also issued a series of orders of this nature, on the authority of the Commissioners of the District, and these orders, which may well serve as a model to other communities desiring to undertake similar measures, may be briefly condensed as follows:

All stalls in which animals are kept shall have the surface of the ground covered with a water-tight floor. Every person occupying a building where domestic animals are kept shall maintain, in connection therewith, a bin or pit for the reception of manure, and, pending the removal from the premises of the manure from the animal or animals, shall place such manure in said bin or pit. This bin shall be so constructed as to exclude rain water, and shall in all other respects be water tight except as it may be connected with the public sewer. It shall

for climatic influences be discovered? What are the reasons for the frequently observed beneficial effects of an ocean voyage, or a stay at the seaside? Professors Zuntz of Berlin and Durig of Vienna—both well known European experts in physiology, who have devoted much energy to the study of the effects of high altitudes on man—have given some consideration to these questions. In the course of an ocean voyage from Germany to the Canary Islands and return they made careful observations on pulse-rate, body temperature, etc. Despite the invigorating nature of the trip, these fundamental bodily features were not found altered in any detectable uniform degree. This corresponds with what has been observed in investigations at seaside resorts where the travel factor is excluded, but the atmospheric conditions are similar in many ways, says The Journal of the American Medical Association. Neither such conditions, nor the tropics, nor yet polar climates effect any marked alteration in these physiologic functions. In any event it has been impossible to demonstrate changes that might be considered indicative of a stimulating effect of ocean climates. A similar outcome has attended the careful experimental investigation of the effect of sunlight. An abundance of direct sunlight, especially in some of the widely visited health resorts, has always claimed a due share of the credit ascribed to the invigorating climate. We read of the days of balmy sunshine. Careful scientific observa-

tions have not disclosed any bodily changes due to this cause. Notwithstanding all of these negative findings, however, no one can deny the usefulness of a change of climate, despite the obscurity surrounding the secret of its influence on the individual.

CIVIL SERVICE EXAMINATION FOR CLERK-CARRIER

An examination for clerk and carrier will be held at the postoffice in this city on June 3, 1912.

Age limit, 18 to 45 years, on the date of examination. Married women will not be admitted to the examination. This prohibition, however, does not apply to women who are divorced or those who are separated from their husbands and support themselves, but they are eligible for appointment only as clerks.

Applicants must be physically sound, and male applicants must be not less than a foot 4 inches in height without boots or shoes, and weigh not less than 125 pounds without overcoat or hat.

For application blanks and for full information relative to the examination, qualifications, duties, salaries, vacations, etc., address immediately, LEONARD T. HARVEY, Secretary, Board of Civil Service Examination, postoffice, Santa Ana, Cal.

Ten days' special sale of Men's and Young Men's Suits, May 15 to 25. At one-third off regular prices. Reinhardt Department Store.

Just in, several dozen of the latest things in Bungalow Nets—a handsome line to choose from—at Chandler's, 510-516 North Main St.

—Bread at the Cherry Blossom.

SOME day, we expect, most of the well-dressed men of this town will get the true idea of this store; the idea that our real object in running this business, and advertising it as we do, is not so much to get you to do something for us, as to get a chance to show you what fine clothes we have here.

We really feel that way about it; we put at your service our knowledge of the business; we get together the goods that we believe are best for you; put prices on them that are perfectly fair to both of us; give you as good a profit as we take; give you good quality.

Hart Schaffner & Marx Clothes, of course, because they're best for you. Values at

Y.M.C.A. BASEBALL IS THIS EVENING

The second game of the series arranged by the athletic committee of the local Y. M. C. A. Baseball League will be played this evening on the Lincoln athletic grounds between the First Presbyterians and the Methodists, South. The game will be called at 5:15 and will be of 7 innings.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the New Drug

An eminent skin specialist recently discovered a new drug, obline—double strength, which is so uniformly successful in removing freckles and giving a clear, beautiful complexion that it is sold by Wheeler & Mateer under an absolute guarantee to refund the money if it fails. Don't hide your freckles under a veil; get an ounce of obline and remove them. Even the first night's use will show a wonderful improvement, some of the lighter freckles vanishing entirely. It is absolutely harmless, and cannot injure the most tender skin.

Be sure to ask Wheeler & Mateer for the double strength obline; it is this that is sold on the money back guarantee.

Closing out large wall paper stock at Chandler's, 510-516 North Main. All grades, at greatly reduced prices.

ADMISSION 25c

Doings In Social and Club Circles

FOR MRS. S. S. EAST

Pleasant Gathering at Home of W. L. Duggan in Honor of Former Resident

On Wednesday afternoon the home of Mr. and Mrs. W. L. Duggan was the scene of a very pleasant gathering in honor of Mrs. S. S. East of Salem, Ore., who was for some years a resident of Santa Ana. The rooms of the pleasant house resembled a glimpse of fairy land with their decorations of ferns, roses, carnations and chrysanthemums. The afternoon was occupied with needle work, social chat and some fine musical selections rendered by Mrs. W. T. Merigold and Miss Clara Duggan, one of her pupils.

The dainty refreshments, under the efficient supervision of Miss Leona Shoemaker, were much appreciated by the ladies, all of whom had a happy time. Those present were: Mesdames Minter, East, Trickey, Merigold, Stephens, Gardner, Haughton, Shoemaker, Miles, Hill, 'Opole, Butler, Mateer, Thompson, Beissel, Violet Hewitt, Kirk, Tedford and Misses Leona and Vera Shoemaker, Clara and Dorothy Duggan.

Ebbl Ladies to See Game
The ladies of the Ebbl Club expect to turn out in full force to the baseball game Monday afternoon, not only to swell the funds of the Day Nursery, in which they are so interested, but also as a compliment to the ministers and schoolmasters whose kindly thought prompted the game.

The executive board will meet promptly on time Monday that business may be expedited and they may attend the game in a body.

F. A. A. Hold Good Meeting
The Fraternal Aid Association held a regular meeting Wednesday evening, with a goodly number out. One new member was initiated. At the conclusion of the business meeting, a social time was enjoyed, delicious ice cream and cake being served. More good times are planned for the near future which will delight the pleasure-loving spirit of the members.

Whist Club Evening
Dr. and Mrs. J. W. Shaul entertained the whist club to which they belong, last evening in their apartment in the Richmond block.

The cozy rooms made a pleasant setting for a pleasant evening, during which sixteen players enjoyed the whist games. Mrs. O. K. Forgy and Charles S. Kelly were prize winners. Refreshments were served later by the hostess.

Orange County Conservatory of Music
Now is the time to be planning your summer course of Music Study. The Conservatory remains open the entire summer. After June first terms are of but five weeks' duration. Apply early and get a more convenient time reservation.

That little violin will cost you only \$14.40 tomorrow—ten cents less each day, you know.
504 1/2 N. Main St. Main 214

"SWAT THE FLY" AND "SCHOOL GARDENS" ARE GIVING CLUB TOPICS

An attractive program has been arranged for the Civic Club meeting tomorrow afternoon at the City Hall. Each club member is urged to especially invite one or more women to be their guests for this meeting.

Dr. J. I. Clark, city health officer, will give a talk on "Swat the Fly." Mr. B. P. Boswick, principal of the Jefferson school, will present the subject of "School Gardens."

Both of these subjects are of special interest to housekeepers and mothers. A cordial invitation is extended to any who wish to come.

Following Dr. Clark's lecture, Edison J. Martin will demonstrate the fly traps which he has for sale.

Farewell Luncheon
A most enjoyable affair was the luncheon given to the Misses Mary and Celia Cotter yesterday noon by the members of the Ladies' Aid and the Amphion Circle. It was served at 2 o'clock in the dining room of the Rochester Hotel at Orange. The tables were exquisitely decorated with Cecil Bruner roses and Syringia, were effectively combined with asparagus plumosus ferns. Great baskets of Syringia were placed on small tables around the room. Fifty-nine ladies were seated at the dining tables. The guests of honor, Misses Mary and Celia Cotter, Mrs. Charles H. Secombe, who was the most genial toastmistress, Mrs. W. S. Peck, president of the Ladies' Aid, Mrs. O. H. Hall, Jr., president of the Amphion Circle, Mrs. A. J. Crookshank, Miss Lila Crookshank being seated at a special table. This table had a track of fragrant rose petals with rails of plumosus asparagus, and a miniature passenger car, entwined with Cecil Bruner buds. Place cards were of soft case design, the names being on the tags.

The following toasts were given at the conclusion of the four-course luncheon served by the genial host and hostess of the Rochester, Mr. and Mrs. W. B. Westhead:

"The Old Guard," Mrs. True; "Experiences in Fifteen Cent Luncheons," Mrs. Rowland; "The Girls You Leave Behind You," Mrs. Miles; "East, West, Home is Best," Mrs. Blake; "Our Guests," Mrs. Peck and Mrs. Hall. Mrs. C. H. Secombe was a most charming toastmistress, delighting her hearers with her witty stories and apt introductions of the ladies who responded to the various toasts. Mrs. C. D. Lester gave an original monologue which proved very entertaining. At the conclusion of the toast, "Our Guests," given by Mrs. W. S. Peck, tiny suit cases bearing a token of love and esteem, were presented to each guest.

Miss Mary Cotter responded to the toasts with a felicitous speech in which she voiced her own and her sister's gratitude for the gifts, the courtesy of the luncheon and all the kind sentiments expressed in the toasts. She said that wherever they might wander, she and her sister will always think fondly of Santa Ana and the dear friends here.

Mountmelick Club
The Mountmelick Club met Thursday afternoon at the home of Mrs. David Meyers, 323 Chestnut avenue. The early part of the afternoon was spent with fancy needle work. Later delicious refreshments were served in the dining room, red carnations and fuchsia being used in decoration. A very jolly time was enjoyed by all present.

FAREWELL MEETING

Parent-Teachers' Association Had Last Meet of Year at Lincoln School

One of the finest meetings of the Lincoln School Parent-Teachers' Association was held yesterday afternoon, the grown-ups assembling with the pupils of the Eighth grade of the school to say good-bye before the close of school this year. The Eighth grade pupils opened the program with a class song, greatly enjoyed by the large number present.

Other numbers on the musical program were piano solos by Misses Nellie Irvine and Bonnie Houston, a violin solo by Keith Davis accompanied by his sister, Laura, and an instrumental trio in which John Hoxie played the cornet, Neil Ramsey, the drum and George Dunning the trombone. The performances were all excellent. Following the program, Prof. Cranston was presented with a bouquet of flowers, Mrs. Horace McPhee making the presentation speech for the association. A similar courtesy was accorded Prof. W. C. Roberts, Mrs. S. M. Davis presenting the flowers, and Miss Fannie Pease, teacher of the Eighth grade, was also honored in the same way, the presentation being made by Mrs. John Swanner. Each of the other grade teachers in the Lincoln School was adorned with a wreath of flowers by the mothers of the association who had acted as leaders in urging attendance at the meetings throughout the year.

After these pretty ceremonies, Prof. Cranston gave a talk on the various courses of the High School, a subject of much interest to the Eighth grade pupils who will enter the high school next year. The annual report of the secretary of the Parent-Teachers' Association, Miss Jones, followed and was listened to with much approval. Election of officers resulted in the re-election of Mrs. J. N. Anderson as president, Miss Jones as secretary, Mrs. L. R. May as treasurer, the election of Mrs. Horace McPhee as first vice president and Mrs. Nathan Beale as second vice president.

A social hour following the business session was rendered more interesting by the pretty courtesy of the Eighth grade pupils who served light refreshments in the rest room.

W. R. C. Plans For Decoration Day
(Communicated)
The usual business meeting of the W. R. C. was held yesterday at G. A. R. Hall with good attendance and good reports including that of twenty sick calls. Mrs. Clara Harper of Garden Grove and Mrs. Effie Moore were initiated. "Little Piggy" was also given a good meal preparatory for "Bean Day" at Huntington Beach. Good reports of last tea presided over by Mrs. Ferguson, Ritchey and Paul was given. The program included a solo by Mrs. Moeller; read, "Old Glory," Rev. F. F. Haughan; response, "Motherhood," Mrs. F. D. Mills.

Mrs. Utley of 423 Pine street requested all members of W. R. C. to meet at her home for a social afternoon, in honor of her birthday in the near future.

Decoration Day Arrangements
Dinner will be served at G. A. R. Hall for all out-of-town guests connected with the order. The post of corps will each furnish a three seater, for all G. A. R. widows who have no other way to go to the cemetery. All will leave the hall at 8 a. m. sharp. All school children are requested to take made bouquets tied with string to their own schools, on Wednesday, May 29, and a committee of old soldiers will call for them. Don't let us forget Decoration Day and what our beautiful flag stands for and whose stripes of red throbs with the life-blood of thousands.

Delightful Auto Trip
Dr. T. J. Haughton, wife and daughter Carolyn, drove to Long Beach Thursday in their new Auburn car, returning by way of Whittier and Fullerton.

They were accompanied by their house guest, Mrs. S. S. East of Salem, Oregon, who is making an extended visit among old friends and enjoying the sun-kissed flower-laden beautiful Southern California. Mrs. W. L. Duggan, wife of the well known insurance man, was also of the motor party. This is a trip particularly pleasing in every sense, as it leads its winding way through waving fields of grain and fragrant orange orchards, touching some of the choicest places in the Santa Ana valley.

Travelers Will Meet
Travelers, No. 1, will meet with Mrs. H. C. Dawes, 1413 North Spurgeon street, next Monday afternoon.

Travelers No. 2 Meet
The Second Section of the Travelers' class will meet at the home of Mrs. Clayton, East First street, on Monday, May 20.

Personals

Mrs. H. L. Duckett went to Pasadena this morning where she will be the guest of friends until Sunday.

Mrs. J. A. Turner made a business visit to Newport Beach this morning, going down via the trolley line.

Dr. and Mrs. Haughton, Miss Caroline Haughton, Mrs. W. L. Duggan and Miss East, went to Long Beach yesterday.

Mrs. Sherman Stevens and Dr. Ida Parker went to Los Angeles this morning to be present at the reunion of the Hannah College alumni. The affair took the form of a luncheon at the beautiful Hotel Beverly, Los Angeles.

Mrs. James Roberts spent the day in Los Angeles.

Mr. and Mrs. James S. Rice and Miss Stella Rice motored to Monterey this morning to attend the festival of roses which is being held at that place.

Mrs. O. K. Forgy was a Los Angeles visitor today.

Miss Sylvia Winetee, who since February has been visiting her brother, Lester Winetee, in San Diego, arrived home yesterday. Though she had a delightful trip, she was glad to see home friends again.

Mrs. Eli Swerfeger and daughter, Miss Nettie, of Anaheim, were visitors to Santa Ana for a few hours this morning.

Mr. and Mrs. Robert Flook returned Thursday from a ten days' visit at Long Beach with their daughter, Mrs. William E. Babb.

Albert Hill who is attending Throop College, is to engage in an oratorical contest tonight to be held at Throop.

Mrs. John F. Potter of Los Angeles, spent today with her parents, Mr. and Mrs. E. B. Smith.

Mr. and Mrs. C. F. Simms of Redlands and Mrs. Simms' sister, Miss Evelyn Webb, of Chicago, are guests for a few days of Mr. and Mrs. Robert Flook.

W. F. Menton left this morning for a month's absence in Iowa and Kansas. He goes first to his old home in Boone, Iowa, where he will look after business affairs and visit his people. On his return he will visit Independence, Kansas, where he spent a considerable length of time before coming to California.

Mr. Menton will also visit a brother in Denver on the return trip.

The friends of Miss Frances L. Lapum of the Commercial High School, will be sorry to learn that on account of her mother's poor health, she will not be able to accept the position assigned to her as assistant instructor of shorthand in the 1912 Summer School of the State University in Berkeley.

Mrs. Dilley and Mrs. Shepherd of Orange spent the day with Mr. and Mrs. John E. Wilson at 1912 Spurgeon street.

J. M. Cartwright of 2209 North Bush street, have gone to National City, and expect to be away about two months. Mr. and Mrs. Crenrich from Middleton, N. Y., have taken their house and will make Santa Ana their future home.

Mrs. E. R. Allen and Mrs. Wamsley spent the day with Mrs. D. M. Weston on West Santa Clara avenue.

Mrs. L. Hillyard of 1809 North Main street is in the East on a visit with relatives in Kansas and Nebraska. She is expected back in about a month.

Miss Josephine Wilkes, one of the Los Angeles city teachers, will be a week end visitor at the home of her parents, Mr. and Mrs. J. A. Wilkes, of North Spurgeon street.

TO THE PEOPLE OF ORANGE COUNTY

Do you realize that right at your doors you have the coolest and most beautiful spot on the entire Pacific Coast—One that compares most favorably with the noted watering places in Europe, and that in time will become equally as well known. It is not to the credit of Orange County people that this beach is more appreciated and rapidly being taken up by Los Angeles, Pasadena and Riverside residents while those to whom it should be most valuable stand idly by and let the golden opportunity pass.

Laguna Beach is the same distance from Santa Ana as Long Beach and Venice are from Los Angeles and in time will become equally as popular.

Laguna Cliffs the choicest sub-division of Laguna Beach and while it has the rugged shore line, sandy coves and picturesque grandeur peculiar to this section, it has the further advantage of fine black soil and an abundance of good drinking water.

Nye's auto stage leaves Rossmore Hotel, Santa Ana, for Laguna Cliffs and Laguna Beach daily at 10 A. M. and 2 P. M. and by leaving on the first trip one can spend a delightful day on the shore and still return before dark.

CARNIVAL FOR 4TH OF JUNE

Orange Merchants Will Place Signs Directing Travelers to Orange

Orange News: The Merchants' and Manufacturers' Association met in regular monthly session last evening with a fair attendance.

The subject of giving the night-watch a raise in salary was discussed, it being felt by some that \$65 per month for work every night in the year is scarcely fair compensation. A committee was appointed to take up the subject with the city board.

Another topic under discussion was the Pythian-M. & M. Carnival, which will begin here June 4th. It was explained that the directors had endorsed the carnival proposition in the belief that it would be an attraction

benefiting the town. The report of the advertising committee was submitted in the matter of street signs. A plan to place signs directing the public into Orange was endorsed and the committee instructed to put the signs up at the proper places. The sign contemplated consists of an iron plate painted to represent an orange and suspended from an inverted "L" post. The word Orange and the distance to town will be painted on the orange. Six of these signs to be erected.

DARROW JURY IS SLOWLY FORMING 7 JURORS CHOSEN

LOS ANGELES, May 17.—After seven jurors had been accepted, five talesmen were summoned to fill the vacant places. Here Darrow took the first active part in the trial. He examined Edgar Moore, a Duarte rancher. Standing at his attorneys' table, with his arms folded, he looked searchingly into Moore's eyes, asked: "Do you know what this trial means to me, and do you think you can give me a square deal?"

Darrow also questioned F. E. Golding of Los Angeles. Rogers questioned William Roland who admitted a bias. Rogers challenged him and the prosecution did not resist. Another talesman was called.

Homer Laughlin, Jr., the Los Angeles millionaire, was challenged by the defense. Despite the protest of the prosecution the challenge was allowed.

LOS ANGELES, May 17.—Seven permanent jurors to try Clarence Darrow had been accepted before the court adjourned for the noon recess today: W. R. Williams, Monrovia; L. P. Lammers, Clearwater; A. J. Snyder, San Gabriel; E. J. Pierce, Azusa; P. C. Pauflitter, Los Angeles; M. A. Cravath, Pasadena; O. S. Coppock, Whittier. Four of them are ranchers. The defense exercised three of its peremptory challenges, and the prosecution two of its five.

REVIVAL CONTINUES—UNION TENT MEETING VOTED FOR LAST NIGHT

E. C. Martin preached most acceptably and movingly at last night's revival service at the M. E. church South. The service was successful in all respects.

The congregation voted unanimously in favor of a union tent meeting in Santa Ana to be conducted by the various pastors of the city in the near future. So it is likely that such a meeting will be arranged for.

Tonight, the revival service at this church will be conducted by the pastor and possibly some one assisting. An urgent invitation is extended to all to attend.

RAILWAY CLAIM AGENTS TO MEET IN LOS ANGELES

The Association of Railway Claim Agents, of the United States and Canada, will meet in Los Angeles from May 21 to 25.

This association has been in existence for twenty-three years, and comprises 95 per cent of the steam railroads of the United States and Canada, the president of the association being N. S. Dunlop, head of the claims department of the Canadian Pacific Railway Company. One of the vice-presidents is H. J. Franklin, general claim agent for the Atchison, Topeka & Santa Fe Railway, of Los Angeles. The membership of the association is about 1000.

The meeting in Los Angeles this year will be the first one ever held west of the Rockies.

The official headquarters of the convention will be the Hotel Alexandria.

William H. Freeman The funeral services of William H. Freeman, who died Monday, May 13, will be held from Smith's chapel Monday, May 20, at 10 o'clock.

Therapeutic Institute

Ground Floor, 946 South Broadway, Los Angeles, Cal.

Coming TO SANTA ANA

In order to introduce the Radio Treatment in Santa Ana and vicinity, the Therapeutic Institute of Los Angeles, have made arrangements for the well known Radio Specialist to visit the Rossmore Hotel on Tuesday of each week from 9 a. m. to 4 p. m.

Marvelous Cures are being effected in obscure and chronic diseases by simple, safe, and reliable methods that cure quickly without drugs or operation. No pain, no knife.

Our treatment saves suffering women from dangerous surgical operations. It has proven efficient, reliable and successful in all manner of diseases of women. It has cured the most severe cases of Inflammation and Congestion of the Womb, Inflammation and Congestion of the Ovaries, Ulcerations, Fibroid Tumors, Ovarian Tumors, Incipient Cancers, Falling of the Womb, Irregular, Profuse, Painful Menstruation, etc.

If you have failed to get relief from old-time methods of treatment, do not despair—there is still hope and help for you.

Every afflicted Woman is invited to come and talk with us about his affliction and let us demonstrate free the means we have employed successfully in hundreds of other cases.

Consultation, Examination and Advice Free and invited. Call at the hotel on the above date, or at our home office.

FULTON COLLAPSIBLE GO-CARTS

The Perfection of Baby Vehicle Construction

Folds Easily into a small, neat package. convenient for carrying on cars or in automobile.

Fulton-Go-Carts

Combine Style, Comfort, Convenience and Durability.

We make a specialty of the Fulton Go-Cart, which you can take with you wherever you go without the slightest inconvenience. It fits an ordinary suit case and is easily folded with one hand to space 27 inches long and 15 inches wide and 4½ inches high.

This Go-Cart is really roomy—plenty of space at sides and in front at back and over head.

It is comfortable and easy riding because of good sized elastic springs under both seat and back which absorb the jolts and jars—the new reclining back is well padded and adjustable for sitting or lying—and stays where it is put.

The brake on the rear wheel is instantly set with a touch of the foot and protects baby from accident.

The frame is of steel, strong and well braced. The wheels are large and rubber-tired and cannot wobble, so rigidly are the axles braced. This cart cannot tip backwards and let the child slide out on its head.

The Fulton Go-Cart is constructed on beautiful lines—graceful—with a refined individuality all of its own. The finish is enamel, with heavily plate nickel trimmings, highly polished. Upholstered in long-life leatherette.

WITNESS REPUDIATES HIS EVIDENCE IN ARCHBOLD CASE

WASHINGTON, May 17.—Edwin Williams, of Scranton, Pa., on the stand before the judiciary committee investigating the charges against Commerce Court Judge Archbald, repudiated much of the testimony he gave at a previous appearance. Williams flatly denied his previous testimony that Judge Archbald dictated a letter to a prospective purchaser, declaring the letter was written by William Boland, a Scranton coal dealer, who forced him to carry it personally to the prospective purchaser. This was done while efforts were progressing to sell the Katydid Culp coal pile.

Wear correctly fitting glasses made by Dr. Loersch, 116 East Fourth street.

A GOOD TIME TO BUY A GOOD TIME-PIECE.

I have recently received a lot of new watches, which are worth your seeing—probably the best assortment we have ever had. If you need a watch I can fit your taste and your purse right now. Come in and talk it over.

TWO HORSES STOLEN HERE

Reports Show Considerable
Stealing of Horses in This
End of the State

Orange County was the scene of two horse thefts last night.

A bay mare, saddled and bridled, was stolen from the tie-yard on French street, between Second and Third, last night. The mare is 13 years old. She belongs to E. M. Jones of San Diego, who rode from that city to visit his relatives, the E. S. Jones family at Tustin.

A dark bay mare and rubber-tired Page runabout was stolen from a hitching post on Center street, Anaheim, last night. The rig belongs to Bert Ryssman of Anaheim.

"There is a lot of horse stealing going on over Southern California," said Sheriff Ruddock this morning. "There must be some kind of an organized gang running the horses in."

Almost every day the sheriff's office has received reports of stolen horses from officers of other counties. San Diego seems to have been the chief sufferer.

AUTO DELIVERY CAR FOR CLEANING WORKS

The Crystal Cleaning Works put into commission yesterday a Ford auto delivery car which is the first one of these cars in use in Santa Ana. Mr. Babbitt, proprietor of the cleaning works, has had his new car equipped with electric lights and the brass all nickel plated, making it the neatest delivery car in the city. The car was bought of the West End Garage.

CASCARETS CURE A BILIOUS HEADACHE

Gently But Thoroughly Cleanse Your Liver, Stomach and Bowels and You Feel Great by Morning

You're bilious, you have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes, your lips are parched. No wonder you feel ugly, mean and ill tempered. Your system is full of bile not properly passed off, and what you need is a cleansing up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that every disorder of the stomach, liver and intestines can be quickly cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep you and the entire family feeling good for months. Children love to take Cascarets, because they taste good and never gripe or sicken.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 225.

ACCEPT THE YOUNG BID

Supervisors Name A. C. Black
Superintendent of the Re-modeling Work

The Board of Supervisors yesterday afternoon accepted the bid of G. W. Young for the remodeling of the county jail. Young's bid was \$11,266. The supervisors appointed A. C. Black to superintend the job, his compensation to be five per cent of the cost.

The plans call for a new floor in the west part of the jail, with a new set of cells in addition to those now provided.

The board completed the canvass of the returns of Tuesday's election. But few changes were made in the semi-official returns. The footings have not been completed as yet.

Adjournment was taken to May 28, on which date bids are to be opened for bonds of the Ocean View and Yorba Linda school districts.

G.A. VETERANS RUSH APPLICATIONS FOR \$1 A DAY PENSIONS

SOLDIERS' HOME, May 17.—Hundreds of applications for increase in pension under the new law, signed last Saturday by President Taft, are being rushed to Washington and a big increase will be made in the total payments to veterans here on September pension day.

The next payment comes about the middle of June. Officials say there is small chance of any increase being made by that date.

It is estimated that more than 90 per cent of the 4500 men here are entitled to an advance.

About thirty veterans of the Mexican war have only to send on their records and formal application to be placed on the pension rolls at \$30 a month.

Many successful applications have been forwarded to the bureau on ordinary stationery.

CELEBRATION IDEA TAKES FIRM HOLD

Anaheim Gazette: More interest and push should be put into the idea of pulling off a grand and glorious old-fashioned Fourth of July celebration here. The entire county would be glad to come here on this occasion, and as the time is becoming short in which to prepare for it, the arrangements should be completed as fast as possible. Let everybody put their shoulders to the wheel and push the project along. The Fraternal Order of Eagles are taking an active part in getting up this celebration and are entitled to the hearty co-operation of all business men and others interested in making it a success. But a few weeks remain now until the Fourth rolls around. Let us have a big celebration by all means. Get busy.

—Don't miss our special sale of Millinery Saturday and Monday. One hundred hats at one-third off regular prices. Crookshank-Beatty Company.

—The Studebaker is a sure load taker. Wm. F. Lutz Co.

INTERESTING NOTES ON ACTIVITY AT THE BIG CALIFORNIA UNIVERSITY

To send their track team East, there to measure California strength and speed against the prowess of some of the other great American universities, has been decided by the students of the University of California. Students and alumni have contributed the money necessary for the transcontinental journey. Twelve athletes will go from Berkeley. The newly elected track captain is Harry H. Wood, a student in the College of Agriculture, from Whittier. He succeeds G. A. Kretzinger, a medical student. Last year's track team was the best in America, judging by the records made in respective meets. This year's team exceeded last year's records.

By a score of 80 5-21 to 41 16-21 the University of California defeated Stanford in this year's track meet. California was this year victor over Stanford in football, baseball, track, basketball, chess, the women's matches in tennis, and in the two annual debates with Stanford, the Intercollegiate and the debate for the Carnot Medal. Stanford defeated California in rowing, Association football, and tennis.

President Wheeler has announced that the four students honored with appointment as speakers in the Greek Theater at Commencement, Wednesday, May 15, are Hermann Phleger of Sacramento, a student of law, member of the Intercollegiate debating team and the Rugby football fifteen, and chairman of the two general committees for Labor Day and for Commencement Week; Lester S. Ready of Ventura, of the College of Mechanics, student of superior excellence and as a hammer-thrower member of the track team; Newton B. Drury, President of the Associated Students, Carnot Medalist, for debating, and next year to be Teaching Fellow in Forensics; and Miss Lorraine Andrews of Berkeley, a student in the College of Letters, President of the Associated Women Students and winner last year of the Emily Chamberlain Cook prize in poetry, endowed with \$1000 by Professor Albert S. Cook of Yale University. The Commencement chaplain will be Rev. Dr. Frederick W. Clappett of Trinity Episcopal Church, San Francisco while the baccalaureate sermon, in the Greek Theater Sunday, May 12, will be preached by Rev. William Horace Day of the First Congregational Church of Los Angeles.

President James A. Blaisdell, President of Pomona College, and formerly a professor at Beloit, will give the annual Phi Beta Kappa address on Friday afternoon, May 10. The Phi Beta Kappa poet of the day will be Dr. Arthur W. Ryder, Assistant Professor of Sanskrit. Dr. Ryder is the author of a translation of "The Little Clay Cart," a drama written two thousand years ago in India by King Shudraka. When acted by the students in the Greek Theater, some years ago, it proved to have much dramatic, spectacular and human charm. Dr. Ryder has published many translations of ancient Sanskrit poetry to modern English verse. His skill in poetic form, his felicity and delicate art of expression, range him among the scanty few translators who are poet as much as translator. As interpreter of Oriental literature in English verse of the highest independent excellence, he belongs with that honorable company of which Edward Fitzgerald (of the Rubaiyat) is the great exemplar.

The students have chosen as editor of their daily paper—"The Californian" for next fall John L. Simpson of Woodland. This eight-page student daily has a circulation of 4000. R. R. Randall will be the managing editor.

Roy A. Silent of Los Angeles, a student in the College of Agriculture, has been elected President of the English Club, an honor society of the students which chooses to membership the leading figures in student journalism, dramatics and debating, which has general charge of the Occident and the Pelican—the literary and the humorous magazines—and which presents twice a year, in the Greek Theater, some famous plays. Shakespeare, Stephen Phillips, Ben Jonson, Pliny, Henry Van Dyke, Thomas Dekker, Schiller and Bernard Shaw—plays by these and other famous have been given by the English Club.

We have just received a shipment of

Limbert's Holland Dutch Arts and Crafts Furniture

Is recognized everywhere as the leading make of this popular style of hand made artistic Furniture.

Limbert's Holland Dutch Arts and Crafts, is conceded to be the best example of this type of furniture made in America. It is modeled and constructed by Holland Dutch Artists and Craftsmen who live in the proper environment, love their work, and use their heads, hearts and hands, possessing the enthusiasm, patience and perseverance to produce the best; men who have the genuine artistic spirit which recognizes that Art is Use made beautiful and not Artifice at the expense of Artisanry. Every piece which is produced by these master Artisans, possesses individuality and superiority, and has the Limbert's Holland Dutch Arts and Crafts trade mark branded into the wood.

No other make of mission style furniture compares with Limbert's in style, in finish or artistic qualities. For living room, library, den, dining room or veranda.

Ask for Limbert Arts and Crafts Furniture—we have exclusive sale of this line in Santa Ana.

The honored and beloved Professor of Agriculture, Emeritus, Eugene W. Hilgard, who retired from active teaching several years ago and has since been engaged in writing and in new scientific investigations, is to be memorialized by a bronze bust in the museum corridor of the new Agriculture Hall. The students, and the faculty, and alumni from all parts of the world, his pupils in his thirty-six years of teaching in the University of California, have contributed toward the memorial fund. Since his retirement Dr. Hilgard has published an important work on "The Soil" and in collaboration with Professor W. J. V. Osterhout, now of Harvard, an elementary textbook on agriculture. Among his recent researches have been studies as to the cause of earliest teachers of agriculture in "yellow leaf." He was one of the America. His discoveries in the reclamation of alkali soils have had world-wide interest and use.

SOCIETY AND CLUBS

Rev. Kennedy will preach his farewell sermon at the Presbyterian church. A special program of music will be rendered, which includes a solo by Mrs. J. C. Stearns, with a flute obligato accompaniment by her husband.

The Tustin W. C. T. U. will meet next Thursday with Mrs. W. L. Shatto. The meeting will be in charge of Mrs. Ella Brown, and there will be an address by Mrs. Anderson. A large attendance is requested.

The missionary society of the Advent church met Tuesday afternoon with Mrs. J. H. Brown. After the usual additional exercises, sewing and a good social time was enjoyed by all present.

The Coreopsis Embroidery Club will meet next Wednesday with Mrs. Swartz.

Mr. Richardson's baby boy fell in one of the irrigation ditches here Wednesday, and but for the timely arrival of Mrs. Frank Stearns would have been drowned. The little fellow is, however, quite recovered now and says he will stay away from ditches in the future.

The Tustin Twelve Club will meet next Thursday at the home of Mrs. George Pollard. It will be in the evening, and all the ladies are requested to bring their husbands.

Mrs. G. W. Rockefeller gave a delightful two-course luncheon Monday as a farewell to Mrs. Chas. Artz. A lovely social time was spent, with music and games. Covers were laid for fifteen.

The Tustin Literary Section of the Ebell Society will meet with Mrs. Belding, on Prospect avenue, Tuesday afternoon. The May number of Current Literature will be discussed.

Mrs. Allen Kennedy entertained the Rose Club Wednesday afternoon with a delightful luncheon. As it was the anniversary of her birthday, she was the recipient of many lovely presents. Those present were: Mrs. Emma Colgan, Mr. and Mrs. W. A. Jones and Mrs. Forline.

Missionary Society

The Missionary Society of the Presbyterian church met Thursday afternoon at the church. Siam and Cuba were the topics spoken on. Mrs. C. E. Utt gave a very interesting illustrated talk on Cuba, having recently returned from there. Mrs. Sharpless entertained every one present very much with songs, playing her own accompaniment on a guitar. Mrs. Preble led the meeting and Mrs. Ellis the devotionals.

—Don't be too proud; there are still some mighty good and substantial people riding in buggies. Have you looked at our line of buggies lately? Wm. F. Lutz Co.

Closing out large wall paper stock at Chandler's, 510-516 North Main. All grades, at greatly reduced prices.

PERSONALS

Mrs. Chas. Arts and her two little daughters left Wednesday for a six-weeks' visit with her father in Burdett Creek, Ind.

Mrs. Emma Milne of Los Angeles is visiting her son, Mr. J. A. Milne. Misses Lucy and Ira Walker and Mrs. Brown, their mother, spent last week at San Juan Hot Springs.

Mr. C. E. Utt and wife have returned home after a few weeks' trip to the Panama canal. They passed one week on the Isthmus. The remainder of the time was spent in traveling through Florida over to Cuba and Jamaica.

Miss Florence Stone is spending the week in Los Angeles.

Mrs. Brookbank and her son, Harry, were in Los Angeles Sunday, visiting friends.

Mrs. Neely and her mother left Wednesday for Merced, where she expects to spend the summer.

Mr. and Mrs. H. Q. Church of Vermont visited with Rev. Richardson from Friday to Monday.

Rev. M. McFadyen of Los Angeles will occupy the pulpit Sunday morning and evening at the Advent church.

Miss Doherty and Miss Burns went to Los Angeles today to spend the weekend.

Mr. and Mrs. John Taylor spent Tuesday at Laguna, visiting friends.

Mr. William H. Stafford from Sacramento is visiting with Mr. and Mrs. Geo. R. Prather.

Mrs. Vinson from Orange is spending the week with her son, S. L. Vinson.

Miss Christina Riley of Denver and Mrs. Jane Vale of San Bernardino are guests of Mrs. John Dryer.

Mr. and Mrs. McCharles, Mrs. Culver and Mrs. Roy Smith attended the Pythian Sisters' convention at Anaheim Saturday afternoon and evening.

Mrs. Emma Vinson expects to leave next week for Kansas, where she will spend the summer.

Advent Church

A very instructive and interesting lecture was given at the Advent church last Sunday, on the history of the Old Testament, which was rendered by two Australian children, Master and Miss Fatterer, eleven and ten years of age respectively.

The effects of a new and rapid system of historical juvenile education was demonstrated. They will be here again on June 2.

Another New House

Mr. Pressley has begun the erection of a two-story house on his place, Newport road, near Seventeenth street.

Mr. Squires, the blacksmith, has put in a new forge in order to be able to handle better his increasing business. He has also been quite successful with his stock of veterinary supplies which he has recently put in.

Our Washington Letter

WASHINGTON, May 17.—At what age does a government official or employe become useless as a public servant? is the burning issue in Washington.

Pending in the House, with strong prospect of passage, is a measure providing that, on July 1, 1914, all civil service employes who have reached the age of 65 years shall lose their jobs.

Controversy that ranges from exciting to acrimonious fills the air. A gray-whiskered old veteran on Uncle Sam's payroll took a pencil in hand today and contributed an ingenious element to the discussion.

"You can see from this list," he said, "that the constituents of 23 members of the House do not share the opinion of those who contend that a man's usefulness in the public service ends at 65 years."

He produced a roll that contained the names of Rep. Sherwood, of Ohio, 77 years of age and the oldest member of the House; "Uncle Joe" Cannon, of Illinois, and Henry, Connecticut, each 76 years; Thistlewood, of Illinois, 75 years; Sulloway, New Hampshire, the giant of the House, 73 years; Lamb, of Virginia, 72; Greene, Massachusetts; Andrus, New York, and Stedman, North Carolina, 71 each; Talbot, Maryland, Lindsay, New York, and Payne, New York, 69 each; McMorran, Michigan; Bradley, New York, and Plumley, Vermont, 68 each; Hill, Connecticut, Gardner, New Jersey and Daltzell, Pennsylvania, 67 each; McCreery, Pennsylvania, 66, and Rucker, Colorado, Sweet, Michigan, and Daugherty, Missouri, each 65 years old on their 1912 birthdays.

In the Senate list of members who have passed beyond 65 years is Isaac Stephenson who will celebrate his 83rd birthday anniversary next month. Others who have passed 65 years or reach that age this year are: Bankhead, Alabama, and Johnston, Alabama, Cullom, Illinois; Bacon, Georgia; Bradley, Kentucky; Gallinger and Burnham, New Hampshire; Dillingham and Page, Vermont; Martin, Virginia; Root, New York; Tillman, South Carolina; Warren, Wyoming; Works and Perkins, California; Dulant, Delaware; Thornton, Iowa, and Wetmore, Rhode Island.

Judicial Democratic Simplicity Democratic simplicity, instead of "highfalutin" judicial dignity, is winning Washington for Mahlon Pitney, the new Associate Justice of the Supreme Court. He is becoming favorably known for his unassuming and democratic conduct—more resembling the plain people than an exalted bearer of judicial ermine.

Justice Pitney is also shattering time-honored customs of the Supreme Court. One "body blow" at the Supreme Court precedents was his early introduction of a palm leaf fan, for personal comfort during a hot spell. Another peculiarity of the "baby" Justice, is that he keeps awake during proxy arguments of attorneys. He has

earned eulogiums of several attorneys for his close attention in following their arguments. Furthermore, he eschews silk hats and Prince Albert raiment, preferring the modest business suit.

Justice Pitney recently afforded the House a new sensation, by mingling with the members. Supreme Court Justices are rare visitors to either the Senate or House. But Justice Pitney is entitled to "floor privileges" of the House, because of his former service as a member of that body. Now, when opportunity affords, he "mixes" with old friends among the representatives.

Peace Commissioners Appointment of five "Peace Commissioners" is expected soon from the White House. They will be delegates from this country to an "International Peace Conference," to be held this fall at some foreign capital yet to be selected.

Glory, but no pecuniary honors, go with the new jobs. The Commissioners will not receive a cent of salary, but are allowed \$10,000 for traveling and other expenses.

Whether Colonel Roosevelt will be given one of the commissions is an amusing speculation at the Capitol. He was once offered one of the positions by President Taft, before political relations between Oyster Bay and the White House became strained.

The Peace Conference is a pet project of the President. He has been sounding other governments to secure their co-operation, after securing the necessary authority and appropriation from Congress.

By June 25, 1914, the bill which was passed by Congress requires a report from the American Commissioners. Representative Bartholdt (Rep. Mo.), was sponsor for the measure in the House.

Minnesota possesses one of the rarest geological curiosities in the world. This state has at least one stream that flows two ways. In northern Minnesota there is an area of land so flat that its waters sometimes flow into the Hudson Bay, and sometimes flow into the Gulf of Mexico. Somewhere on this flat area is the exact watershed between the great bay to the north of this continent and the great gulf to the south, but it has never been exactly located. The headwaters of the Mississippi river are located in this area. There is a continuous waterway from Hudson Bay to the Gulf of Mexico. The waterway divides north America into two continents not joined by land at any point.

An investigation of the water supply of the rivers that cross the international boundary line has just been completed by the Geological Survey.

HANCOCK JOHNSTON

The McAnders Oil Co.

Of the Fullerton Oil Field is not a Speculation but an INVESTMENT

1. It is in the heart of the Fullerton oil district.
2. There are no dry holes in that district.
3. Low capitalization—\$750,000, of which one-half is in the treasury.
4. Experts have said that the formation is correct and there are wells on three sides of the property.
5. We give but one-eighth royalty.
6. Since putting the block of stock on the market we have been offered one-third royalty by one of the big companies who have holdings in the Fullerton field—That would give us five twenty-fourths royalty as a profit on our lease—but we turned it down. Why? Because just one three hundred barrel well at seven-eighths royalty would pay us better dividends.
7. It is a good investment because it is right here at home where every stockholder will have an opportunity to watch the progress of the work and will have access to the log of the well, or wells.
8. The contractor is now at work building the derrick for the first well. The equipment and Machinery has been bought and it is all of the newest and best. Our Lease has—

Trebled in Value

NOTE THE THREE, SIX AND TWELVE HUNDRED BARREL WELLS OF THE AMALGAMATED ON THEIR LEASE FROM THE ANAHEIM UNION WATER CO., AND THEN NOTE OUR LOCATION—STUDY THIS MAP WELL:

New Industrial Center of Santa Ana Appeals to All Who Investigate It!

That South Santa Ana is bound to be the industrial center of Santa Ana seems certain. That its many ADVANTAGES are BEGINNING TO BE UNDERSTOOD is proven by the number of people who are buying lots in Emmett's new addition.

Three lots sold last week to parties who are commencing to build. J. Nichols, one of the parties, has his lumber on the ground for a one-story building, in which he will put a stock of general merchandise. The grading of streets will start next Monday and will be rushed to a speedy completion. Water is being piped in front of every lot and ALL IMPROVEMENTS ARE BEING MADE WITH NO EXPENSE to purchasers of lots.

With the Pacific Electric at your door this tract offers every inducement to those desiring a good home site or profitable investment.

Prices of lots are at present \$150 and up, but price will soon be advanced. Terms, \$5.00 down and \$5.00 per month.

NEW STRUCTURE MEANS NEW INDUSTRY

Large Building Just Started on First Street For Cold Storage Plant

LOCAL SYNDICATE IS BEHIND PROJECT

Two \$5000 Residences For South Birch Street Among Week's Plans

A syndicate of local men, which so far is keeping its plans very quiet, is back of the erection of a large building at First street and the Santa Fe railroad crossing, for which excavation is now in progress. This building, it is understood, will house a new industry of large proportions, which will be of importance to the city and vicinity.

No details of the proposed industry will be given out by those on the inside, but it is understood that it is to be in the nature of a cold storage plant and also general storage. The building is to be of brick, two stories with concrete basement extending four feet above the surface line, and will have a frontage of 40 feet on First street, extending back 120 feet. The cost, it is estimated, will be in the neighborhood of \$10,000. Contracts are now being negotiated for the structural work, and it is understood that the building will be rushed to completion as rapidly as possible.

No Slump in Sight. Despite the advent of warm weather there appears to be no indication of a slump in building activity. Several important projects were launched this week, and others are said to be about ready for starting. The principal interest at present is in residences, and several handsome ones are announced. J. W. Blea has the contract for two \$5000 residences to be erected on south Birch street, in the 400 block. These are to be for M. R. Runyon and Mr. Moore, both recent comers to the city. They are to be side by side, and will each be two-story structures, with bath, screen porches, etc. The finish inside and out will be expensive and ornate. The permit for the first of these was taken out this week, and the other will be called for in the near future.

This southwestern section of the city is well holding up its end in the way of development, and besides the two fine structures above mentioned it is to be further improved by a handsome \$3000 residence which the Hepfinger Brothers are now building on South Broadway.

Month Promises Well. Permits for the past week called for a total expenditure of \$9610, not a great record but a considerable amount of work has been started for which permits have not been taken out as yet. Indications are that the month will go far ahead of the same month last year, and will keep up the tremendous ratio of increase which has been shown during the first four months of the year.

REAL ESTATE SALES MADE AT ORANGE

Orange News: Among the many recent real estate sales reported from the local offices are the following from Fernald and Weiss:

Fred W. Struck has sold a thirty acre ranch, situated one mile from Lindsay to G. W. Orr.

C. B. Campbell of this city has sold a rooming house of 16 rooms at Newport Beach to Lon Winslow, also of this city. In the deal Mr. Campbell becomes the owner of Lon Winslow's house and lot on East Palmyra avenue.

Prof. Mason M. Fishback has sold his well improved Valencia orange ranch and house on North Batavia street to U. J. Fuener.

The J. R. Graham residence property on North Center street has been purchased by O. A. Waldorf.

Both deals were closed Saturday by Dutton Bros.

Talbert Company Sales. Huntington Beach News: Through the agency of Thomas B. Talbert & Company, the following realty sales were made last week: A. H. Southworth to A. L. Reed, twenty acres of land lying about six miles northeast of Huntington Beach. (Mr. Reed now owns about a hundred acres of land in this section); T. A. Burrows to E. E. Lowe, lots 6 and 8 in block 608, Huntington Beach.

Just in, several dozen of the latest hings in Bungalow Nets—a handsome line to choose from—at Chandler's, 510-516 North Main St.

—Los Angeles supplies some implement dealers with their stock. We buy direct from the manufacturers in carload lots. Wm. F. Lutz Co.

To P. G. Givens, frame shed, 603 West Sixth, \$60.

To M. R. Runyon, 2-story frame residence, 416 South Birch, \$5000. J. W. Blea, contractor.

To Mrs. H. H. Jones, 5-room frame bungalow, 1061 West Third, \$1200.

To Mrs. M. J. Neill, alterations, 209 East Fourth, \$50.

To E. M. Dimmick, 4-room frame bungalow, 105 West Pine, \$1350. L. E. Tower, contractor.

To W. J. Cozad, frame store room, 903 West Fourth, \$250.

KRUG TRACT SOLD TO HIGH BIDDER

Fullerton Tribune: The Krug tract has been sold.

Bids were opened by the trustees of the Fullerton Union High school Saturday, for the second time advertised, and a price greater than the trustees paid for the tract originally was secured.

Prof. Delbert Brunton and D. W. Daniels of Fullerton were the successful bidders, offering the sum of \$15,665 for the fifteen acres, which was purchased for \$10,000.

Mr. Hellyer of Santa Ana bid an even \$15,000. In the previous call for bids Stern & Goodman offered \$12,500, which was rejected.

On the tract there are 140 walnut trees, full bearing, and the purchasers also get fifteen shares of Anaheim Union Water stock.

It is the intention of the buyers to set the vacant ground to Valencia oranges within a short time. The tract is located about a mile from the main part of the city on Chapman avenue and was originally bought as the site for the new high school.

At the sum it is considered a good buy as property is steadily advancing in this section. The trustees are also well pleased with the sale, as the district has already netted over \$1,000 from the walnut crop.

A Little Farm
—to bring—
A Steady Income

Is the ambition of many a man. Perhaps it is yours. If so, why not let us help you realize it at Marinette, the New Town and Orchard Community in the Salt River Valley, Arizona. You may not have the ready money right now to buy your ideal of a place and have it all in full bearing, but why not buy the raw land where the Soil is the Best, the Climate Favorable, and the Water Abundant and have it set and cared for at actual cost by a practical man, and growing into money under our non-resident plan, while you continue in your present position?

The total cost for five years, including land and care of trees, of 10 acres at Marinette, scientifically cared for, should not exceed \$3700, and only a portion of this is required now, while the net return the fifth year should approximate \$1000, thus cutting the actual cost of THE LITTLE FARM down to \$2700, and in the meantime it is worth from \$7500 to \$10,000. Not so bad is it?

Now we know it will pay you to see us and it will please us to see you and have a talk about this plan, giving you further details and our guaranteed literature which is something new.

Come in and have a talk with us about it.

Our next cheap rate Excursion is next Wednesday, May 22. Costs but \$20 for trip from Los Angeles and return.

RIVERSIDE YOUTH ROSTRUM SUCCESS

Edmund C. Jaeger Lectures and
Writes For Youth on Morals
and Health

Union Signal:—One of the youngest official lecturers working under the auspices of the W.C.T.U. is Edmund C. Jaeger of Riverside, whose work in the school circles of certain cities of Southern California has interested many boys and young men in temperance. Although not much more than a school boy himself, Mr. Jaeger has delivered many lectures on medical temperance, hygiene and social ethics, and in the last two years is said to have spoken to 200,000 children, circulated 136,000 pages of literature and contributed seventy-five columns to the daily press, the life and health magazines and educational journals. The secret of his success with boys is shown in these words: "The comradeship found in a white-liver, manly boy is about the most precious friendship in the world, it seems to me; and I covet every occasion which will permit association with such fellows. Work for boys is interesting—intensely so, and it helps to keep us young and agreeable. The inspiration and joy that accompany it take all the crotchiness out of life. I cannot but believe that it is every man's duty to find some time to help the boys of his community. The fellows need his help, and he needs the spirit of youth that the atmosphere of young life can bring to him."

In one of his addresses to high school students, Mr. Jaeger dealt with the health problem as it is related to the use of alcohol and tobacco, and said, in part: "There are 27,000,000 sick people in the United States all the time. They are not getting any pleasure out of their indispositions and some of them by their habits are laying a foundation of degeneracy for the future nation. We have learned to be prosperous and we have learned to be ambitious, but we have not learned to have foresight in matters pertaining to our national vitality. Insanity is increasing three times faster than it ought in proportion to the population. Cases of Bright's disease, diabetes and cancer are growing more numerous. But we must remember that this curse is not without a cause. Last year the men and boys of our country smoked a sufficient number of cigarettes, if they had been put in a line, to reach three and a half times around the earth at the equator. Then we used enough alcoholic liquors to give every man, woman and child twenty-three gallons as his proportion. No wonder some men are sick. Tobacco is killing our men on the installment plan, and that is why its effects are not so noticeable. It kills by ambush, as it were, hardening arteries, raising blood pressure and causing numberless forms of digestive troubles which are always laid to other causes. The increase of Bright's disease and apoplexy is proportionate to the increase in the use of tobacco and alcohol."

Drs. Rossiter & Paul, dentists, over Farmers & Merchants Bank.

DOING THEIR DUTY Scores of Santa Ana Readers Are Learning the Duty of the Kidneys

To filter the blood is the kidneys' duty. When they fail to do this the kidneys are weak. Backache and other kidney ills may follow. Help the kidneys do their work. Use Doan's Kidney Pills—the tested kidney remedy. Santa Ana people endorse their worth.

Mrs. J. William Sackman, 1076 W. Fourth St., Santa Ana, Cal., says: "In March 1907, a relative of mine, who was suffering from kidney trouble, procured at Doan's Drug Store (now Main cities of Southern California) as was proven by their use in her case. At this time I can say that this party still holds just as high an opinion of Doan's Kidney Pills and always speaks in their praise when the opportunity occurs."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

POMONA WILL BE CONFERENCE CITY

Congregational Meet at Pasadena Closes—Santa Anans
1912-13 Committees

REDLANDS, May 17.—Rev. D. F. Fox of Pasadena, was chosen Moderator of the next Congregational conference, which will be held in Pomona next year, at the twenty-sixth annual meeting of the Southern California Congregational conference in session here today. The officers elected at the business session this morning were as follows:

Moderator—Rev. D. F. Fox, Pasadena.

Asst. Moderator—George D. Laidlaw, Ontario.

Registrar—H. A. Palmer, Los Angeles.

Scribe—Lester S. Moore, Los Angeles.

Assistant Scribe—A. J. Crookshank, Santa Ana.

Directors—E. P. Clark, Los Angeles; Rev. A. P. Davis, Pomona; A. G. Adams, Long Beach; Rev. C. H. Seccombe, Santa Ana; Charles S. Hughes, Los Angeles; R. F. Garner, San Bernardino; Rev. Tyler Dennett, Los Angeles.

Preacher for next meeting—Rev. Chester S. Ferris, Corona; alternate, Rev. K. N. Schaefer, Los Angeles.

Committee on Evangelization—Rev. C. N. Queen, San Bernardino; Rev. I. H. Williams, Redlands; Rev. J. F. Loba, Ontario.

Committee on Sunday Schools—Rev. H. K. Booth, Long Beach; Rev. H. F. Tuttle, Los Angeles; Rev. Stanley Fisher, Los Angeles.

Programme Committee for next meeting—Rev. D. F. Fox, Pasadena; Rev. A. P. Davis, Pomona; Rev. Horace Porter, Riverside; Chester S. Ferris, Corona; C. N. Hand, Lemon Grove.

Committee on Investment of Conditional Gifts—S. H. Herrick, Riverside; A. J. Crookshank, Santa Ana; C. H. Toll, Los Angeles; M. T. Gilman, San Diego; Arthur N. Dole, Pomona; John P. Fisk, Redlands; M. Wilcox, Los Angeles; W. M. Beach, Claremont.

Rev. Albert W. Palmer of Oakland, formerly of this city, gave an address on "The Church as a Social Prophet," which was followed by a discussion led by Rev. Willard B. Thorp. This afternoon a discussion on the subject, "Beginning of Jerusalem," was led by Rev. Ralph B. Larkin and another discussion on the subject, "Unto the Uttermost Parts," was led by Rev. Henry Kingman. After this the delegates were taken for a ride over Smiley Heights and the Sunset Drive. The session closed this evening with an address on "A Word From An Ancient Puritan," by the Rev. Herbert Atchison of Oakland.

PACIFIC ELECTRIC RAILWAY

Saving Increases One's self-respect

It encourages a sense of independence, always dear to the heart of right-thinking people.

It makes for personal development, too, along lines of responsible citizenship, and every thrifty man or woman with a bank account is just so much more valuable to the community than would be the case otherwise.

Most important, however, is the safeguard which a bank account affords the future.

Open one tomorrow.

Hill's Corner

At this present writing it looks as though we were to have "a square deal all around" and this corner of the Kansas Tin Shop seconds the motion and having just received another carload of iron pipe (about forty thousand feet) and other cars of heavy goods on the road, together with the largest stock of general hardware and plumbing goods that is to be found in any exclusive retail store in Southern California and the men that know how to handle the goods, we are prepared to give a Square Deal in the matter of quality or price.

Bath Tubs and other plumbing goods are on the "toboggan" and prices have been further marked down within the past few days.

Bring in your plans. We will figure on them.

S. HILL & SON.

HAVE MAPPED BOOSTER TRIP

Anaheim Committee Has Gone Over Route to be Followed May Twenty-Third

ANAHEIM, May 17.—The Anaheim "Booster" committee, consisting of J. W. Duckworth, Henry Adams, Fritz Yungbluth and V. U. Simpson, made a tour over the route that the Anaheim Boosters will follow Thursday, May 23.

The seventy-five autos will leave Anaheim at 9:30 a. m., and the first stop will be at Fullerton. After music and speaking, the procession of autos will proceed to the oil fields, and at Olinda lunch is to be served. The Anaheim boosters will be accompanied on this trip by high officials of the Southern Pacific, Santa Fe and the Pacific Electric railroad companies, and the excursion may be productive benefit to the entire section of northern Orange County. On the homeward way the parade will stop at the new town of Placentia.

The Domestic Science department of the High School entertained with its second of the series of formal luncheons today, when half of the senior class was banqueted in a most correct manner. The event was in the nature of a "poppy luncheon," and all decorations and many of the courses followed this color scheme.

TASTE, SMELL AND HEARING RESTORED

A Simple, Harmless Remedy Quickly Relieves Catarrhal Deafness

The thousands who suffer the miseries of catarrh, and claim they have never found a cure, can get instant relief by simply anointing the nostrils with Ely's Cream Balm.

Unlike internal medicines which upset the stomach, or strong snuffs which only aggravate the trouble, this cleansing, healing, antiseptic balm instantly reaches the seat of the trouble, stops the nasty discharge, clears the nose, head and throat, and brings back the sense of taste, smell and hearing. More than this, it strengthens the weakened, diseased tissues, thus protecting you against a return of the trouble.

Nasal catarrh is an inflammation of the membrane lining the air passages, and cannot be reached with mixtures taken into the stomach or with snuffs and powders which only cause additional irritation. Don't waste time on them. Get a fifty cent bottle of Ely's Cream Balm from your druggist, and after using it for a day you will wish you had tried it sooner.

REV. DOWLING TO DELIVER ADDRESS

G. A. R. of Fullerton and Anaheim to Hear Sermon by Rev. Mitchell

FULLERTON, May 17.—Malvern Hill Post, G. A. R., of Fullerton, is making preparations for the observance of Decoration Day with patriotic exercises. Rev. F. M. Dowling of Placentia will deliver the address and the old soldiers will have an escort of a company of cadets of the Fullerton Union High School. On Memorial Sunday the G. A. R. of Fullerton and Anaheim will attend the Presbyterian church at Anaheim and hear a sermon by Rev. Mitchell.

PREPARE FOR MEMORIAL DAY

Huntington Beach News:—The Grand Army Post and the Woman's Relief Corps of this city have this year made unusually careful preparations for the celebration of Decoration Day in Huntington Beach. In the selection of a speaker they have been especially fortunate in securing the services of Prof. J. M. Guinn of Los Angeles, president of the board of education of that city and a member of the G. A. R. He was at one time assistant adjutant-general for the department of Arizona, Nevada and California and secretary of the historical society of that organization.

The program for the day is as follows: 10 o'clock a. m., post march to cemetery to decorate graves of soldiers; noon, dinner to post and W. R. C.; 2 o'clock p. m., gather at Main street pier and strewing flowers on ocean by school children; short address: Line of march to Tent City auditorium, as follows: High school band, G. A. R. post, W. R. C., city trustees and board of trade, pupils of high and grammar schools, the public.

At the Auditorium there will be memorial exercises by the G. A. R. post, music by school children, the recitation of Lincoln's address by Miss Margaret Crozier; vocal solo; oration by J. M. Guinn of Los Angeles; music; benediction by the chaplain.

Too Much

In persuasive tones the good-looking woman who had secured an interview with the taxicab manager tried to convince him that the company owed her \$2.92.

"Something broke," she said, "and I was held up for 45 minutes while the driver tinkered with the machine."

Her manner was so impressive that the manager was on the point of writing out a check for the money demanded, but before doing so he remarked:

"It certainly was a case of overcharging. It wasn't your fault the cab broke down, and he should not have charged you for the time it took to make repairs."

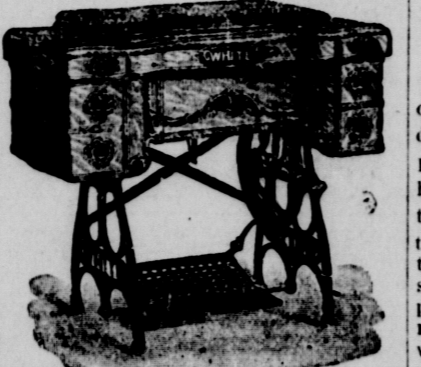

"O," said she, "he didn't. It isn't overcharging I am complaining about. He made me late for a bargain sale that closed at 11 o'clock, and when I finally got there I had to pay \$4 for a blouse that had sold up to 11 o'clock for \$1.98. It is the difference I am fighting for."

Then the manager closed his check book.—New York Times.

Trip Postponed
The First M. E. Sunday school has seen fit to indefinitely postpone their "Trip Around the World" which was to be given tomorrow (Friday evening.)

Cottolene

THE hospitality of the South is proverbial; a great factor in the success of Southern hospitality is Southern cooking, or good cooks make or mar the meal.

Cottolene is a Southern product, made from pure, refined cotton oil, and Southerners know of its purity and healthfulness better than Northerners.

It stands to reason that a cooking fat which is of vegetable origin, free from hog fat and indigestion, will make purer, richer, more healthful food than the product of the pig.

Relation of Religion and Public Ownership

By Eard P. E. Troy

The immorality of private corol of public utilities has long been evident to students of the question of public ownership. Many writers have claimed that if the only advantage of municipal ownership is the removal from municipal life of the horrible, debauching influence of street railway, water, light, telephone and other public service corporations, it would be well worth the while.

Few cities have suffered from the corruption of these corporations as has San Francisco. This fact is of additional interest to the unanous report of the Social Service Committee of the recent Men and Religion Forward Movement of the Protestant churches in San Francisco, ding with the evils of its municipal .

One of the most important questions before this committee as: "What are the most glaring weaknesses in your municipal life today?" It was answered as follows:

"Private ownership and operation of public utilities. These corporations supply the funds and dirt the organization that gives life to political power of the vice and ore of the city. At a number of elections in this city we find the dist in which live the wealthier pers, or those who are the principal users of the stocks and bonds of public-service corporations on what is own as 'Pacific Heights,' voting alt as a unit with the lower section the same district called 'Pacific east,' where is located the dives the city."

Notice is taken of the hands of merchants and others wherever excused from jury duty in thirbry trials of the officers a employees of the corrupt public-service corporations. They declare they would not convict a bribe-gi, because "We have to do it ourselves in our business." The report is a further weakness in municipal life: "Lack of proper civic spirit among many business and professional men and a large part of the public which permits grafting in the grant privileges by the municipality, and the relations of the businesses industries of the community weach other."

In reply to the question, What were the most conspicuous as of graft in your city governme' the following reply was made:

"The cases of the Supervisr confessions of the bribery of mayor and sixteen members of the rd of Supervisors during the Ruehmits regime, in 1906-1907, by om and employees of the United Roads, Pacific Telephone Company, Home Telephone Company, San Telasco Gas and Electric Company (controlled by the Pacific Gas & Electric Company), Parkside Company, and other public-service corporations, the evidence of which unearthed by Francis J. Hei Rudolph Spreckles and Win J. Burns."

Municipal ownership of water and the dominating political, social and economic movements in San Francisco. The low wage paid its employees by the street railway is declared to be less than sufficient to enable any man to support a wife and family. The practice of that company of giving the preference to inexperienced men as new employees is commented on, and stated to be of the character of the sweating system. Pointing out a way for church work, the report says:

"No direct action has been taken by any church brotherhood towards correcting the oppressions imposed upon the people by the public-service corporations, through bad service, impure water, poisonous gas and like evils." "The condition of the privately owned water supply is further emphasized: "The Board of Health's last monthly report in chemical analysis shows nitrates in every reservoir of the Water Company. Under standards of Illinois State Board of Health, nitrates prohibited in surface waters."

In this report there is no hypocritic panegyring to, or ignoring the evil practices of, the "best" citizens, while calling attention to the crimes or vices of the "worst" elements in the community. The answer to the query about social distinctions in San Francisco says:

"Social distinctions are less marked on the Pacific Coast than anywhere else in the country. In San Francisco there is no distinction between respectable, well-behaved, decently clad persons. A small group of idle, newly-rich persons try to create 'an exclusive social set' by advertising in newspaper social columns their all-night dances, where champagne and other expensive liquors are drunk in large quantities."

Further comment is made on the society dances given by agents of costly wines in the discussion of the Barbary Coast dance halls, which says that there are twenty-nine dance halls in the city connected with saloons in the Tenderloin and Barbary Coast, and "Subject to criticism are fashionable society dances where they sell large quantities of champagne and other expensive wines under saloon licenses."

The Movement originated in New York. There were sent to some seventy cities in the United States the printed queries which resulted in the interesting San Francisco report. Much credit is due the Rev. Wm. Nat. Friend, pastor of Howard Presbyterian Church, Chairman of the Committee, for the splendid work done by him in bringing together the committee of men and women of all the Protestant denominations who compiled this valuable report.
